## KEY TRANSIT FACTORS

### ♀ Venus ☐ Square ♀ natal Venus

These days you feel **restless about what you want** and find it hard to settle on anything that normally makes you happy. You might pick fights with people you care about over small things, or suddenly feel disconnected from activities and relationships that usually feel satisfying. This friction between what you think you should want and what you actually want right now can push you to figure out what really matters to you, even though it feels uncomfortable while it lasts.

### ☾ Moon △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about things that normally feel difficult or embarrassing. Your **natural openness right now makes it safer to be honest with trusted people** about insecurities or past hurts. This temporary softness in how you approach your own pain means conversations become less defensive and more genuine.

### ☿ Mercury ☐ Quincunx ♁ natal NNode

Your mind is working at odds with what feels natural to you socially right now, making conversations feel slightly off or effortful. You might notice **a mismatch between what you want to say and how others are actually receiving it**, leaving you feeling like you have to adjust or repeat yourself more than usual. Over the coming weeks, pay attention to this friction instead of pushing through it — it's temporary and often signals where you need to slow down and listen more carefully.

### ♆ Neptune ☐ Quincunx ☿ natal Mercury

Over the coming weeks, you may find your thinking becomes **less direct and harder to organize** than usual. You might struggle to explain your ideas clearly to others, or notice that conversations wander off track more easily. This isn't permanent —it's just *Neptune* softening your usual mental sharpness, so patience with yourself during this period will help you move through it.

### ♂ Mars ☐ Quincunx ☾ natal Moon

Over the coming weeks, you may feel **restless in ways that don't match what you actually want to do**. Your emotional needs and your impulse to act keep pulling in different directions, leaving you frustrated or unsure which one to follow. This awkward timing usually passes, but while it lasts you might notice yourself starting things and stopping them, or feeling irritated that people aren't moving at your pace.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♒ Aquarius · Day 11 / 30 · First Quarter

**Emotional detachment increases** these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
