KEY TRANSIT FACTORS

♄ Saturn ☾ Opposition ♂ natal Mars

Right now you're running into real resistance whenever you try to push forward with your plans. Your usual drive feels blocked or slowed down, and what normally comes easily now requires twice the effort and planning. **You're learning that not everything can be forced**, and this frustration is the teacher—but it's an uncomfortable lesson that lasts weeks.

♊ NNode ∠ Semi sextile ♃ natal Jupiter

Over the coming weeks, you find it easier to say yes to opportunities that genuinely interest you, and **people respond well to your openness**. Small doors open without you having to push hard—a conversation leads to an invitation, or you spot something useful almost by accident. You feel less blocked by your own doubts right now, which means you actually follow through on ideas instead of talking yourself out of them.

♅ Uranus △ Trine ☿ natal Mercury

Your thinking becomes sharper and more original right now, and you find yourself spotting solutions that other people miss. You're willing to question old assumptions and try new approaches, which makes you **unusually flexible in conversations and problem-solving**. This is a good window to pitch ideas, learn something outside your normal interests, or tackle a complicated project that needs fresh perspective.

☉ Sun ∠ Semi sextile ♊ natal NNode

You find yourself **naturally drawn toward people and situations that feel meaningful** without having to force it or overthink things. Small conversations lead somewhere real, and you say the right thing at the right moment without planning it out first. This light support from *the Sun* to your *North Node* makes the path forward feel a little easier than usual while it lasts.

♃ Jupiter □ Square ♀ natal Mercury

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

♃ Jupiter Rx • ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

☉ Sun * Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

☉ Sun ☿ Quincunx ♅ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

☾ Moon △ Trine ♿ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.

LUNAR DAY

Moon in ♍ Virgo · Day 9 / 30 · First Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.

CLOTHING & JEWELRY
