KEY TRANSIT FACTORS

♀ Venus * Sextile ♁ natal Chiron

Right now you find it easier to be kind to yourself about your past mistakes and insecurities. You're more likely to **accept your own flaws without harsh judgment** and actually mean it. This shift makes it simpler to have honest conversations with people you care about, since you're not defending yourself or hiding anymore.

♂ Mars ☌ Opposition ♃ natal Jupiter

Right now you're likely to **overestimate what you can handle** and push too hard on multiple fronts at once. You feel driven to act on every impulse and opportunity, but this usually leads to scattered effort and exhaustion rather than real progress. Over the coming weeks, the gap between your confidence and your actual capacity becomes the main problem you're working against.

☾ Moon ☐ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

♁ Chiron * Sextile ♄ natal Saturn

Right now you're finding it easier to **talk about your past mistakes without shame or defensiveness**. You can look at where you've struggled or failed and see useful lessons instead of just pain. This practical shift lets you move forward with real confidence based on actual experience.

☾ Moon ☐ Square ☉ natal Sun

Right now you're feeling **irritable with the people closest to you**, even when they haven't done anything wrong. Your mood swings are making it hard to stick to your normal routines, and small frustrations at work or home feel much bigger than they actually are. These next few days or weeks will test your patience, but once this passes you'll see more clearly what actually bothers you and what doesn't.

☉ Sun ☌ Quincunx ♁ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

☾ Moon ☌ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

☾ Moon ☌ Conjunction ♂ Mars

These days you feel **more willing to act on what bothers you** instead of sitting with it quietly. Your emotions are running faster than usual, and you're more likely to speak up or make a move when something frustrates you. This is a practical time to tackle tasks that need direct energy, though it's also easier to react sharply if someone gets in your way.

LUNAR DAY

Moon in ♍ Virgo · Day 2 / 30 · New Moon

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
