KEY TRANSIT FACTORS

♃ Jupiter * Sextile ♂ natal Mars ★

Over the coming weeks, you'll notice yourself **moving forward on things you've been putting off** without forcing anything. Your natural confidence is higher right now, so you take action more quickly and people respond better to what you're trying to do. This is a practical window where effort actually produces results, so starting a project or pushing a goal forward will feel less exhausting than usual.

♄ Saturn qx Quincunx ♂ natal Mars

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♇ Pluto qx Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

☉ Sun □ Square ♀ natal Venus

Right now your **need for attention is clashing with how you actually connect with others**, and people are picking up on the mismatch. You might push harder to get validation or approval, but that just makes relationships feel more strained and transactional. Over the coming weeks, you will benefit from stepping back and listening instead of performing, because what you want right now is not what the people around you are ready to give.

♁ Chiron ∟ Semi sextile ♃ natal Neptune

Over the coming weeks, you may notice that **your intuition about other people becomes more reliable**, especially when someone needs practical help or honest advice. Your ability to listen without judgment improves, and people often feel safer opening up to you during this period. This natural compassion paired with clear thinking helps you offer genuine support that actually makes a difference in someone's life.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♍ Virgo · Day 27 / 30 · Waning Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
