KEY TRANSIT FACTORS

♀ Venus ☌ Opposition ♇ natal Pluto

Right now you feel pulled toward people or situations that seem magnetic but also unsettling, and you have a hard time walking away even when something feels off. Your **compulsive attraction to intensity** makes you overlook red flags in relationships or financial decisions. Over the coming weeks, this pattern will likely cost you something—clarity, money, or peace of mind—before you realize you needed to say no.

♀ Venus △ Trine ♆ natal Neptune

These days you find it easier to **connect with people on a softer level**, and they respond well to your gentleness. Your romantic life or close relationships feel more fluid right now, with less friction and more natural understanding between you and others. Over the coming weeks, your appreciation for beauty and comfort also tends to make everyday moments feel a bit more pleasant.

♂ Mars □ Square ♁ natal NNode

Right now you're running into **friction between what you want to do and what actually serves you**. You feel driven to push forward on things, but people keep pushing back or circumstances keep blocking you, which makes you impatient and irritable. Over the coming weeks, the lesson is that not every impulse deserves action—some conflicts are telling you to slow down and check your direction.

♇ Pluto qx Quincunx ☾ natal Moon

These days you feel like your emotions don't quite fit the situation, so you keep adjusting how you respond to people without really understanding why. Your instinct is to **control how much you show of yourself**, which can leave you feeling disconnected even in conversations that matter. Over the coming weeks, noticing this pattern of holding back will help you figure out what you actually need rather than just managing what others might think.

♁ Uranus ☌ Conjunction ♃ natal Jupiter

You feel a sudden urge to break free from routines that have been holding you back, and you're more willing to take risks than usual. Your thinking becomes **unconventional and experimental**, pushing you toward opportunities or changes that feel both exciting and slightly uncertain. Over the coming weeks, you may make quick decisions about work, finances, or your direction that bypass your usual caution—some will work out well, others may need adjusting.

☾ Moon ∟ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

☾ Moon ☌ Conjunction ♀ Venus

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

☾ Moon □ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

LUNAR DAY

Moon in ♉ Taurus · Day 29 / 30 · Waning Crescent

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
