## KEY TRANSIT FACTORS

### ☉ Sun ☾ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

### ♇ Pluto ♂ Conjunction ♂ natal Mars

You feel a sharp increase in your need to control situations and push your agenda forward, making you more confrontational than usual. At the moment, you're likely to act on frustrations you've been sitting with, and small disagreements can escalate quickly because you're not filtering your reactions. **This directness and intensity** can clear the air or damage relationships, depending on whether you're channeling it into practical problems or just venting anger.

### ♂ Mars \* Sextile ☾ natal Moon

Right now you feel **more decisive about what you actually want**, and your emotions back up your actions instead of second-guessing them. You're likely to take practical steps on something that matters to you—whether that's speaking up at work, starting a project at home, or setting a boundary you've been putting off. This period gives you the confidence to trust your gut and act on it without overthinking.

### ♄ Saturn ☾ Quincunx ☉ natal Sun

Right now you feel **slightly out of sync with your own plans**, as if the effort you put in doesn't quite match what actually happens. *Saturn* is creating friction with your *Sun*, making you notice where you've been overcommitting or underestimating what tasks really take. These days you're more likely to step back and question whether you're spending your time and energy on things that actually matter to you.

### ♅ Uranus ☐ Square ☾ natal Moon

Your **emotional reactions feel unpredictable and harder to control** right now, catching you off guard in situations where you normally stay calm. People close to you may seem confused or frustrated because your mood shifts without warning, and you struggle to explain why you feel unsettled. Over the coming weeks, this restlessness pushes you to question habits and routines that no longer fit, but the process feels uncomfortable rather than liberating.

### ♊ NNode ♂ Opposition ♂ natal Mars

Right now you're running into friction between what you want to do and what other people need from you. Your usual directness and confidence come across as selfish or aggressive to those around you, even when you don't intend it that way. **You feel pulled in opposite directions** — your instinct is to act fast and claim what you want, but circumstances keep forcing you to slow down and consider other people's interests instead.

› Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

› Moon \* Sextile ♃ Jupiter

Right now you find it easier to talk about what you actually need and have people listen without defensiveness. Your **emotional honesty feels safer**, and others respond by being more generous and accepting in return. This creates a practical benefit: conversations that might normally stall or get complicated tend to move forward into real understanding.

LUNAR DAY

Moon in ♒ Aquarius · Day 27 / 30 · Waning Crescent

**Emotional detachment increases** these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.

CLOTHING & JEWELRY
