KEY DATE

♄ Saturn enters ♋ Pisces

Saturn in Pisces brings **stricter limits** to areas where things used to feel open-ended—people often notice they can't rely on vague plans or wishful thinking anymore, and work or personal projects suddenly require **clear structure** and solid deadlines. In relationships and at work, boundaries become **harder to ignore**, meaning difficult conversations that got put off finally need to happen, and people tend to feel more **responsible** for their own mess rather than hoping it sorts itself out. Most people find themselves **editing down** what they actually commit to—saying no more often, showing up more consistently to fewer things, and noticing that **confusion costs them** in practical ways they can't avoid.

KEY TRANSIT FACTORS

☉ Sun ∟ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

♆ Neptune △ Trine ♀ natal Venus

These days you're drawn to people and situations that feel emotionally comforting, and others respond to your **gentler, more accepting presence**. Your social interactions become less demanding because you're naturally more willing to go along with what people suggest rather than pushing your own preferences. Over the coming weeks this softness in how you show up can deepen your existing relationships, though you'll want to notice if you're avoiding saying what you actually want.

♅ Uranus ∟ Semi sextile ♁ natal Chiron

These days you're noticing that your old vulnerabilities are becoming less raw, and you actually have the mental space to think about them differently. You're picking up on small practical shifts—maybe you're finally willing to try a new approach to something that used to trip you up, or you're seeing humor in a situation that once felt painful. This window won't last long, but it's giving you a real chance to experiment with new responses before you slide back into your usual patterns.

♀ Venus ★ Sextile ☉ natal Sun

Right now you find it easier to **be yourself around others** without overthinking or apologizing for who you are. People respond well to this natural confidence, and social interactions feel less effortful than usual. Over the coming weeks, this *Venus* support to your *Sun* makes it simpler to attract opportunities and build connections without forcing anything.

☿ Mercury △ Trine ☿ natal Mercury

Right now your thinking feels clearer and you organize your thoughts more easily than usual. You find yourself **explaining things well to others** and picking up on what people actually mean instead of misunderstanding them. These days conversations flow better and you solve practical problems faster because your mind is working smoothly.

♀ Venus △ Trine ♂ natal Uranus

These days you feel more comfortable being yourself around others and less worried about what people expect from you. You're **more willing to try new things socially** — whether that's suggesting an unusual date idea, joining a group with different interests, or speaking up with an unpopular opinion. This period brings a natural ease to your relationships because you're relaxed enough to let your actual personality show, and that authenticity tends to draw people toward you.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.
