## KEY TRANSIT FACTORS

### ☉ Sun $\angle$ Semi sextile ♀ Venus $\star$

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

### ♂ Mars $q\chi$ Quincunx ♂ natal Mars

Right now you're noticing that your usual way of getting things done feels slightly off, like you're taking an extra step to reach the same result. You might find yourself **adjusting your approach mid-action** — starting a task one way, then switching tactics because something doesn't quite fit. Over the coming weeks, this awkward rhythm will fade, but while it lasts you'll do better by checking in with yourself before committing fully to any plan.

### ♆ Neptune $\Delta$ Trine ♀ natal Venus

These days you're drawn to people and situations that feel emotionally comforting, and others respond to your **gentler, more accepting presence**. Your social interactions become less demanding because you're naturally more willing to go along with what people suggest rather than pushing your own preferences. Over the coming weeks this softness in how you show up can deepen your existing relationships, though you'll want to notice if you're avoiding saying what you actually want.

### ♅ Uranus $\angle$ Semi sextile ♁ natal Chiron

These days you're noticing that your old vulnerabilities are becoming less raw, and you actually have the mental space to think about them differently. You're picking up on small practical shifts—maybe you're finally willing to try a new approach to something that used to trip you up, or you're seeing humor in a situation that once felt painful. This window won't last long, but it's giving you a real chance to experiment with new responses before you slide back into your usual patterns.

### ☉ Sun $\square$ Square ☉ natal Sun

Right now you're running up against your own limits in ways that feel uncomfortable and direct. You may notice yourself **pushing harder on goals that aren't moving**, or running into resistance from people who usually support you. This friction is real, not imaginary—your confidence is lower than usual, and small setbacks land harder, so this is a good time to slow down and reassess rather than force things forward.

### ☾ Moon $\square$ Square ♂ natal Mars

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

☉ Sun ☿ Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

Moon in ♎ Libra · Day 18 / 30 · Full Moon

**The social atmosphere becomes more diplomatic** during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
