KEY TRANSIT FACTORS

♄ Saturn △ Trine ☾ natal Moon ★

These days you find it easier to **stay calm when things go wrong**, because you're not getting swept up in panic the way you normally do. Your emotions feel more manageable and you can actually sit with difficult feelings instead of rushing to fix them or push them away. This stability gives you real space to think clearly about what you actually need, and people around you probably notice you're more grounded and reliable right now.

♅ Uranus ★ Sextile ☾ natal Moon

These days you feel more willing to break your own routines and try things that normally make you uncomfortable, which often leads to pleasant surprises. You might suddenly want to rearrange your living space, change your sleep schedule, or suggest a spontaneous trip to someone close to you without overthinking it. This period brings an **openness to doing things differently** in your personal life, and people around you likely notice you seem lighter and more flexible than usual.

♊ NNode □ Square ☉ natal Sun

Right now you are **pulling away from situations where you normally feel confident**, even when stepping forward would serve you well. You might notice yourself second-guessing decisions that align with who you are, or feeling awkward when others look to you for leadership. Over the coming weeks, this friction between your instinct to act and an unfamiliar doubt can either paralyze you or force you to examine whether you are actually living in a way that fits your real values.

☾ Moon △ Trine ♊ natal NNode

Right now you find it easier to **trust your instincts about what matters to you**, and other people respond well to that confidence. Your emotional needs and your sense of direction feel aligned for once, so you naturally gravitate toward people and situations that fit who you actually are. Over the coming weeks, this makes social connections feel less forced and more genuine.

♁ Chiron ♂ Conjunction ♊ natal NNode

Right now you're noticing where you've been holding back from doing things that matter to you, and you're feeling more willing to try them anyway. You're less focused on whether you'll look foolish or fail, and more focused on what you actually want to learn or attempt. Over the coming weeks, this practical shift in attitude is likely to push you into situations that feel new, uncomfortable, and oddly necessary.

☿ Mercury Rx · ♌ Leo

Self-expression feels less fluid right now and there is a tendency to overthink how you come across to others. Conversations about recognition, creative projects, or past performances may resurface during this period. Creative work benefits more from revision than from new starts right now.

♄ Saturn Rx · ♈ Aries

Structures built on impulse rather than genuine foundation are being tested right now. Rules and commitments that felt constraining may now feel simply necessary. This period asks you to distinguish between the discipline you are avoiding and the limits that are genuinely serving your growth.

☉ Sun ⚡ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☾ Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

☾ Moon ☐ Square ♄ Saturn

At the moment, you feel **disconnected from people around you**, even when you are with them. Your emotional needs seem to clash with what is practical or realistic, leaving you frustrated. *Moon* square *Saturn* makes you withdraw when you actually need support most.
