KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♆ natal Neptune ★

Over the coming weeks, you may find it harder than usual to trust your own feelings or to know what you actually want in a situation. Your mood and your practical needs seem to be pulling in different directions, leaving you **uncertain about which one to follow**. This confusion usually passes once the transit moves on, but while it lasts you might make decisions you later question or feel emotionally scattered without a clear reason why.

☉ Sun ☿ Quincunx ♂ natal Mars ★

Over the coming weeks, you may notice that your usual way of getting things done feels slightly out of step with what you actually want to accomplish. Your drive and your sense of purpose are not quite aligned, which can leave you feeling **restless or mildly frustrated** even when you're being productive. The mismatch is not dramatic, but it's enough to make you second-guess your decisions or adjust your approach more often than usual.

☉ Sun ∟ Semi sextile ♀ natal Venus ★

These days you feel more **genuinely comfortable around people**, and they respond to that ease in you. You're not trying as hard to impress anyone, which somehow makes your relationships run smoother and more naturally. This small but real shift in how you show up socially can help you strengthen connections that matter to you over the coming weeks.

♁ NNode * Sextile ♃ natal Jupiter

You find it easier to say yes to opportunities that actually align with what you want, rather than forcing yourself into situations that feel wrong. **Your judgment about which invitations and offers are worth your time becomes sharper**, and people respond well when you move toward them with this kind of clarity. Over the coming weeks, you'll likely notice doors opening in areas where you've been quietly hoping for movement, whether that's socially, professionally, or in learning something new.

☿ Mercury * Sextile ☿ natal Mercury

Your thinking feels clearer right now, and you find yourself **explaining things in ways that actually land with people**. You're picking up on details you normally miss and making smart connections between ideas without forcing it. Over the coming weeks, conversations tend to go smoothly and you get your point across without friction.

☉ Sun ☿ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

› Moon ∟ Semi sextile ♀ Venus

These days you find it easier to **say what you actually feel** without worrying so much about how it lands. The emotional and social parts of you are working together instead of against each other, so expressing affection or gratitude comes naturally. This is a good window for having honest conversations with people you care about without the usual awkwardness getting in the way.

› Moon * Sextile ♃ Neptune

These days you find it easier to notice what other people actually need instead of just hearing their words. Your **emotional radar works better**, so you pick up on sadness or worry someone is hiding, and you naturally want to help. This is a good time to listen more carefully or offer support without being asked, because people will feel genuinely seen by you.

LUNAR DAY

Moon in ♊ Gemini · Day 24 / 30 · Last Quarter

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Monday · › Moon · Venus in Cancer

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
