## KEY TRANSIT FACTORS

### ♅ Uranus ☐ Square ♃ natal Jupiter ★

Right now you are restless with your current plans and want to scrap them for something completely different, even when things are working reasonably well. You feel **impatient with limits** and may make sudden decisions about money, education, or travel that you have not fully thought through. Over the coming weeks, impulsive moves could create real practical problems that take time to fix.

### ☉ Sun ☐ Square ♃ natal Jupiter ★

These days you are **overestimating what you can accomplish** and taking on too much at once. You feel confident and expansive, but your actual capacity has not changed, so you end up stretched thin and frustrated when reality does not match your ambitions. The gap between your optimism and your real limitations creates practical problems at work or in your commitments that take weeks to sort out.

### ☉ Sun ☽ Opposition ♅ Uranus ★

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

### ☉ Sun ☿ Quincunx ♀ natal Venus

Over the coming weeks you notice a mismatch between what you want socially and what actually feels right to you. You might say yes to plans or people, then feel disconnected once you are there, creating **awkwardness in your interactions**. This disconnect fades as the transit passes, so small adjustments now will help you feel more authentic in your relationships.

### ♇ Pluto ☿ Quincunx ☿ natal Mercury

While this lasts, you may notice that your usual way of explaining yourself stops landing the way it normally does. Your thoughts feel scrambled when you try to communicate what you actually mean, and others seem to misunderstand your point more often than usual. This **mental friction** between what you think and what comes out is temporary, so slowing down before you speak or write can help bridge the gap.

### ☿ Mercury ∟ Semi sextile ♂ natal Mars

Your thoughts are moving faster than usual right now, and you're picking up on details that normally slip past you. You find yourself more **decisive in conversation**, able to speak up about what you want without overthinking it. This is a good window to tackle practical problems or have direct talks you've been putting off, because your mind and your drive are working together smoothly.

### ☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

### ♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

### ☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☾ Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.
