## KEY DATE

### ♀ Venus enters ♍ Virgo

Venus in *Virgo* makes people **pickier about who and what they spend time on**, noticing small details that matter to them more than before. In relationships and at work, this shift brings **honest feedback** instead of smooth talk—people say what actually needs fixing rather than what sounds nice. Most notice they'd rather **organize their space, fix problems, and do real things** than go out or make grand gestures during this period.

## KEY TRANSIT FACTORS

### ☾ Moon △ Trine ♄ natal Saturn ★

Right now you find it easier to stick to what matters and let go of what doesn't, because your emotions are working with your sense of responsibility rather than against it. You show **natural follow-through** on commitments and don't feel as pulled by distractions or self-doubt. Over the coming weeks, people notice you're reliable and calm, and you can handle practical tasks without the usual inner friction.

### ☾ Moon □ Square ♇ natal Pluto ★

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

### ☾ Moon qx Quincunx ♆ natal Neptune ★

Over the coming weeks, you may find it harder than usual to trust your own feelings or to know what you actually want in a situation. Your mood and your practical needs seem to be pulling in different directions, leaving you **uncertain about which one to follow**. This confusion usually passes once the transit moves on, but while it lasts you might make decisions you later question or feel emotionally scattered without a clear reason why.

### ♁ NNode □ Square ☾ natal Moon ★

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

### ♀ Venus ∟ Semi sextile ☾ natal Moon

These days you find it easier to **accept comfort from people around you** without overthinking it or pulling away. Your emotional guard drops just enough that you can actually enjoy a conversation, a meal shared, or someone's company without feeling like you need to earn it. This small shift makes your relationships feel less like work and more like something that naturally fills you up.

### ♃ Jupiter Rx · ♐ Capricorn

Ambitions and long-term structures built on optimistic assumptions are being tested right now. Career growth or institutional commitments that seemed on track may require more realistic adjustment than you had planned. Reviewing what is genuinely working in your long-term strategy before continuing to build is the most productive use of this period.

### ☉ Sun △ Trine ♃ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

### ☉ Sun ☌ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

### ☾ Moon ∟ Semi sextile ♀ Venus

These days you find it easier to **say what you actually feel** without worrying so much about how it lands. The emotional and social parts of you are working together instead of against each other, so expressing affection or gratitude comes naturally. This is a good window for having honest conversations with people you care about without the usual awkwardness getting in the way.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

## LUNAR DAY

Moon in ♌ Leo · Day 29 / 30 · Waning Crescent

**The social atmosphere becomes more expressive** these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

## CLOTHING & JEWELRY
