KEY DATE

☉ Sun enters ♈ Aries

Sun in *Aries* brings **direct energy** that makes people more willing to **speak up** and take action without overthinking. At work and in relationships, you'll notice others become **more competitive** and eager to **push forward** with new projects or ideas, sometimes stepping on toes in the rush. This transit typically lasts about four weeks and leaves people feeling **impatient with delays**, so projects that moved slowly before now either speed up or hit friction with people who want faster results.

KEY TRANSIT FACTORS

♊ NNode ☐ Square ♀ natal Venus ★

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

♃ Jupiter ☒ Quincunx ♀ natal Venus

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♅ Uranus ★ Sextile ♊ natal NNode

Right now you find it easier to **take practical steps toward the things you actually want to do**, without overthinking or second-guessing yourself. People around you notice you seem more willing to experiment with new approaches, and you're picking up on opportunities that would normally pass you by. This period works well for making small changes to your routine or trying something you've been curious about but hesitant to attempt.

♊ NNode ☐ Square ♂ natal Mars

Right now you're running into **obstacles when you try to take direct action**, especially on goals that matter to you personally. People around you seem to resist or block what you're pushing for, which makes you frustrated and impatient. Over the coming weeks, you'll need to slow down and reconsider your approach instead of just charging ahead like you normally do.

♇ Pluto △ Trine ♁ natal Chiron

You find yourself **naturally helping others with their struggles** right now, and people seem to trust you more easily than usual. Your own past difficulties suddenly feel less raw, which frees up your attention to actually listen and support the people around you. Over the coming weeks, this practical compassion becomes one of your strengths rather than something that exhausts you.

♀ Venus Rx · ♈ Aries

Relationships feel competitive or impatient right now, and old romantic patterns tend to resurface. Impulsive decisions about love, money, or self-presentation made during this period often need correction afterward. What feels like a fresh start now is more likely a return to something unresolved.

☉ Sun ⚡ Semi sextile ♃ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.
