KEY TRANSIT FACTORS

♂ Mars * Sextile ♃ natal Jupiter ★

You feel **more willing to take action on plans you've been thinking about**, and your confidence in your own judgment is higher than usual. Your efforts tend to pay off more easily during this period, and people around you respond well to your directness and enthusiasm. This is a practical time to push forward with work goals or personal projects that need momentum.

♃ Jupiter * Sextile ♂ natal Mars ★

Over the coming weeks, you'll notice yourself **moving forward on things you've been putting off** without forcing anything. Your natural confidence is higher right now, so you take action more quickly and people respond better to what you're trying to do. This is a practical window where effort actually produces results, so starting a project or pushing a goal forward will feel less exhausting than usual.

☾ Moon □ Square ♁ natal NNode ★

Right now you feel caught between what you want emotionally and what you know you should be doing with your time. You become **restless and impatient** with routines or commitments that once felt important, which makes it hard to focus on practical tasks. Over the coming weeks, expect friction between your immediate feelings and your longer-term direction until this lunar moment passes.

♃ Jupiter □ Square ☉ natal Sun ★

Right now you are **overestimating what you can handle**, and this confidence is pulling you into commitments that drain your resources faster than you expected. *Jupiter* is amplifying your sense of possibility while *Sun* pushes you to prove yourself, making it hard to say no or admit limits. Over the coming weeks you will likely hit a wall—exhaustion, overspending, or failed promises—that forces you to recalibrate what actually matters to you.

♃ Jupiter △ Trine ♀ natal Venus

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

☾ Moon □ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon * Sextile ♂ Mars

Right now you feel like **taking action on things that matter to you emotionally**, and your body has the energy to back it up. You're not overthinking or second-guessing yourself as much as usual; instead you're moving forward with projects or conversations that felt stuck before. This is a practical window for getting things done without burning yourself out.

› Moon Δ Trine ♃ Jupiter

Right now you feel more **generous and open to others** than usual, and people pick up on that. You're more likely to say yes to plans, share what you have, and give people the benefit of the doubt. This is a practical time to strengthen relationships because you're not defensive or withdrawn.

** = natal resonance — this transit echoes your birth chart, amplifying its influence*
