KEY TRANSIT FACTORS

☉ Sun ☿ Quincunx ♂ Mars ★

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

♆ Neptune ☐ Square ♂ natal Mars

Right now your usual drive and confidence feel blurred, making it hard to know what you actually want versus what you think you should do. You may **start projects you abandon halfway through, or lose the will to push forward on things that normally matter to you**. This fog around your own direction lasts a few weeks and can leave you frustrated with yourself for lacking the usual clarity.

☉ Sun △ Trine ♁ natal Chiron

Right now you find it easier to talk about past hurts without becoming defensive or withdrawn. You're **more willing to listen to feedback** about your weak spots and actually do something practical with it. These few weeks are a good window to work on old patterns that usually trip you up, since you're approaching them with less shame and more actual curiosity.

♅ Uranus ∟ Semi sextile ♁ natal Chiron

These days you're noticing that your old vulnerabilities are becoming less raw, and you actually have the mental space to think about them differently. You're picking up on small practical shifts—maybe you're finally willing to try a new approach to something that used to trip you up, or you're seeing humor in a situation that once felt painful. This window won't last long, but it's giving you a real chance to experiment with new responses before you slide back into your usual patterns.

♁ Chiron ♂ Conjunction ♁ natal Lilith

Right now you are more aware of how you reject parts of yourself that don't fit what you think you should be. You notice **where you push away your own needs** to keep the peace or look acceptable to others. Over the coming weeks, this awareness can help you see these patterns clearly, though it may feel uncomfortable at first.

♃ Jupiter ∟ Semi sextile ☉ natal Sun

You feel a quiet boost to your confidence right now, making it easier to speak up in situations where you'd normally hold back. People respond well to you at the moment because you come across as genuinely interested and **naturally encouraging**, which opens social and professional doors. This support from *Jupiter* touching your *Sun* lasts a few weeks and works best when you actually say yes to invitations and new opportunities instead of waiting for the perfect moment.

♂ Mars Rx · ♓ Pisces

Physical energy and direction are both diffuse right now, making focused sustained action harder than usual. Motivation may feel unclear or tied to emotional undercurrents rather than concrete goals. Effort focused on what genuinely matters yields more during this period than pushing against the prevailing fatigue.

♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun qx Quincunx ♃ Jupiter

These days you feel pulled between wanting to take action and doubts about whether you're doing enough, which can leave you **restless and second-guessing your choices**. Your confidence in what you're doing right now doesn't quite match what you think you should be doing, so you might start something and then hesitate or change direction. This mismatch between your actual situation and your sense of what's possible tends to create practical friction rather than clear obstacles.
