KEY TRANSIT FACTORS

♊ NNode ☌ Conjunction ☉ natal Sun · peak 8 Dec

Right now you feel **pulled toward doing things that matter to you personally**, even if they're not what others expect. You notice you care less about fitting in and more about showing up as yourself in conversations and decisions. Over the coming weeks, this shift might create friction in relationships where you've usually compromised, but it also clarifies what you actually want.

♊ NNode ☌ Opposition ♅ natal Uranus · peak 3 Dec

Right now you are caught between wanting to rebel against your routine and feeling pressure to stick with what works, which creates real friction in your decisions. **You swing between sudden urges to change direction and anxiety about losing stability**, making it hard to commit to anything. Over the coming weeks, people around you may find you unpredictable or erratic, because you genuinely do not know which version of yourself will show up.

♄ Saturn ☌ Opposition ☾ natal Moon · peak 26 Dec

These days you feel emotionally tired and less patient with people who depend on you, even though you know they need your support. Your automatic response is to withdraw or set stricter rules rather than explain what you actually need. This period pushes you to understand that your limits are real, but the way you communicate them right now tends to come across as cold or dismissive.

♃ Jupiter ☐ Square ♊ natal NNode · peak 6 Dec

Over the coming weeks, you may feel pulled to take on more than you can reasonably handle, which can frustrate your actual sense of direction. Your **confidence outpaces your judgment**, making you say yes to opportunities that don't fit your real priorities or skills. This misalignment between what you think you should do and what actually works for you creates unnecessary setbacks and wasted effort.

♃ Jupiter ☌ Opposition ☾ natal Moon · peak 24 Dec

Right now you're likely feeling **emotionally restless and dissatisfied** with your current situation, even when things are objectively fine. You may overcommit yourself or make promises you can't keep because you're chasing something bigger without checking what you actually need. Over the coming weeks, your impatience with small comforts or familiar routines could strain your closest relationships if you're not honest about what's driving this urge to escape.

♄ Chiron ☌ Quincunx ♇ natal Pluto · peak 15 Dec

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

♄ Chiron ☐ Square ♃ natal Neptune · peak 15 Dec

Right now you are **more aware of where you have been avoiding hard truths** about yourself or others, and that awareness is uncomfortable. You may find yourself second-guessing your own perceptions or feeling confused about what you actually believe versus what you wanted to believe. These days this friction between reality and your preferred stories is forcing you to look at situations more honestly, even though the looking itself feels harsh.

♇ Pluto ♂ Conjunction ♂ natal Mars · peak 1 Dec

You feel a sharp increase in your need to control situations and push your agenda forward, making you more confrontational than usual. At the moment, you're likely to act on frustrations you've been sitting with, and small disagreements can escalate quickly because you're not filtering your reactions. **This directness and intensity** can clear the air or damage relationships, depending on whether you're channeling it into practical problems or just venting anger.

♄ Chiron △ Trine ♄ natal Saturn · peak 31 Dec

You are finding it easier to accept your own limitations without feeling like you have failed. **You take a practical approach to your weaknesses** and see them as useful information rather than proof of inadequacy. Over the coming weeks, this shift in perspective makes it simpler to plan realistic goals and stick to them without the usual self-criticism getting in your way.

♇ Pluto ♂ Opposition ♀ natal Venus · peak 31 Dec

While this lasts, you may feel **drawn to people or situations that feel compulsive rather than genuinely close**, and existing relationships can feel shallow or unsatisfying by comparison. You might push away someone you care about without fully understanding why, or find yourself attracted to dynamics that involve control or power rather than real connection. These days, your usual way of being likeable or accommodating stops working, and that discomfort is real—but it's also forcing you to ask what you actually want instead of what you think you should want.

♁ NNode ☐ Square ♃ natal Jupiter · peak 1 Dec

Right now you are **overcommitting to things that seem important but don't actually fit your life**. You feel pulled toward opportunities, promises, and plans that look good on paper but create practical conflicts when you try to follow through. Over the coming weeks, you will hit real consequences from saying yes too much, and you'll have to make uncomfortable choices about what actually matters.

♄ Saturn ☐ Square ♁ natal NNode · peak 1 Dec

Right now you feel **stuck between what you want to do and what you think you should do**, and this friction is making you second-guess your choices. People and situations are pushing back on your plans in ways that feel unfair, forcing you to slow down and reconsider directions you were confident about. Over the coming weeks, you'll need to do the harder work of proving to yourself—and others—that your choices actually matter, rather than just moving forward on assumption.

♅ Uranus ♁ Quincunx ♄ natal Saturn · peak 31 Dec

Your usual routines and rules suddenly feel awkward or out of sync with what you actually want to do right now. You find yourself **restless with structure** but not quite ready to abandon it, creating a frustrating gap between your need for stability and your urge to break free. Over the coming weeks, small adjustments to how you work or organize your time will feel more useful than making big changes all at once.

♃ Jupiter ♂ Opposition ♀ natal Venus · peak 1 Dec

Right now you're spending money and making commitments faster than usual, and you're not feeling satisfied no matter what you get. You might overextend yourself socially or financially because you keep thinking the next thing will finally feel like enough. This period pushes you to notice where you're using purchases or relationships to fill an emotional gap that actually needs something else.

♆ Neptune ☐ Square ☉ natal Sun · peak 31 Dec

Your usual sense of who you are feels fuzzy and unreliable right now, making it harder to trust your own judgment about what matters to you. You may find yourself **second-guessing decisions** you thought were solid, or feeling pulled toward things that don't actually fit your real goals. This confusion can show up practically as poor timing in work or relationships, since you're not reading situations clearly while *Neptune* squares your *Sun*.

KEY DATES

Tue, 1 Dec ♅ Pluto ☌ Conjunction ♀ natal Mars

Wed, 2 Dec ♀ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Thu, 3 Dec ♁ NNnode ☌ Opposition ♃ natal Uranus

Sun, 6 Dec ♃ Jupiter ☐ Square ♁ natal NNnode

♁ Chiron ☐ Square ♆ natal Neptune

Tue, 8 Dec ♁ NNnode ☌ Conjunction ☉ natal Sun

Mon, 14 Dec ♅ Pluto ☌ Conjunction ♀ natal Mars

♁ NNnode ☌ Opposition ♃ natal Uranus

Tue, 15 Dec New Moon in Sagittarius

♁ Chiron ☐ Square ♆ natal Neptune

Wed, 16 Dec ♀ Venus enters ♐ Sagittarius

♁ Chiron stations Direct

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Thu, 17 Dec ♄ Saturn enters ♒ Aquarius

Saturn in *Aquarius* brings **stricter rules around technology and groups** — you'll notice workplaces tightening remote policies, friend groups becoming more formal, or apps adding new limits that feel annoying. In relationships and at work, people tend to **value loyalty and consistency** more heavily, so casual commitments matter less and long-term plans matter more. The pattern is that **innovation slows down** while things that already work get reinforced, so your best results come from improving what exists rather than starting something completely new.

Sun, 20 Dec ♃ Jupiter enters ♒ Aquarius

Jupiter in *Aquarius* tends to make people **more willing to try new approaches** at work and in groups, whether that means joining a club, backing an unconventional idea, or rethinking how teams operate. In relationships and friendships, this shift often brings a **looser, less controlling** energy—people generally care less about strict rules and more about what actually works for everyone involved. Over the next year or so, you'll probably notice **more optimism around technology, group projects, and independence**, with folks feeling freer to do their own thing rather than follow the usual script.

Mon, 21 Dec ☉ Sun enters ♑ Capricorn

♀ Mercury enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people

around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.
