KEY TRANSIT FACTORS

☾ Moon ∠ Semi sextile ♄ natal Saturn ★

These days you find it easier to **organize your thoughts before speaking**, which helps you communicate more clearly with the people around you. Your emotional responses feel steadier right now, letting you handle practical problems without getting pulled into drama. Over the coming weeks, you may notice yourself making decisions that actually stick because you're checking in with yourself first instead of reacting on impulse.

♂ Mars △ Trine ☿ natal Mercury

Your mind feels sharper these days, and you can express what you think without second-guessing yourself. You find it easier to **organize your thoughts into action**, whether that's talking through a problem or getting a project moving forward. This practical clarity lasts a few weeks, so it's a good time to handle conversations you've been putting off or tackle work that needs both thinking and doing.

♀ Venus ∠ Semi sextile ☉ natal Sun

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

♃ Jupiter □ Square ☿ natal Mercury

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

♀ Venus □ Square ♃ natal Jupiter

You are spending more freely right now and having trouble saying no to things you want, which can leave you short of money or overcommitted socially. Your **appetite for indulgence outpaces your actual resources**, and you may feel frustrated when reality pushes back against what feels like reasonable enjoyment. Over the coming weeks, the gap between what you want to give yourself and what you can actually afford will become hard to ignore.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☾ Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

LUNAR DAY

Moon in ♋ Pisces · Day 19 / 30 · Waning Gibbous

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
