KEY TRANSIT FACTORS

♇ Pluto ☾ Opposition ♄ natal Saturn

You're running into **hard limits on what you can control** right now, and it feels frustrating because the rules keep changing. Your usual strategies for staying organized and on top of things stop working, forcing you to admit where you've been rigid or out of touch with reality. Over the coming weeks, this friction between what you thought was solid and what's actually true will push you to rebuild your approach to work, responsibility, and how you manage your time.

♃ Jupiter △ Trine ♄ natal Saturn

You find it easier right now to follow through on plans you've been putting off because **you're motivated without feeling rushed**. Your confidence in what you can actually do grows, so you stop second-guessing yourself and just move forward. Over the coming weeks, this steadiness pays off—projects gain real momentum and you see concrete results.

♆ Neptune □ Square ♁ natal Uranus

You feel torn between wanting to break free from something and being unable to see clearly what needs to change. Your impulse to rebel clashes with confusion about which direction actually makes sense, leaving you **restless and indecisive**. Over the coming weeks, small frustrations can pile up as you second-guess decisions you thought were final.

☿ Mercury ∟ Semi sextile ♂ natal Mars

Your thoughts are moving faster than usual right now, and you're picking up on details that normally slip past you. You find yourself more **decisive in conversation**, able to speak up about what you want without overthinking it. This is a good window to tackle practical problems or have direct talks you've been putting off, because your mind and your drive are working together smoothly.

♄ Saturn qx Quincunx ♀ natal Venus

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun * Sextile ☽ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

LUNAR DAY

Moon in ♐ Sagittarius · Day 26 / 30 · Last Quarter

Restlessness with routine increases during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
