## KEY TRANSIT FACTORS

### ☾ Moon ☹ Opposition ☉ natal Sun

Right now you feel **pulled in opposite directions between what you want and what others need from you**. Your usual confidence takes a dip, and you second-guess decisions you would normally make without hesitation. These tensions with people around you are real—they're reflecting back something about what you're not giving yourself permission to want.

### ♀ Venus ☿ Conjunction ♅ natal Uranus

Right now you feel **restless in relationships and less interested in routine affection**. You may suddenly want more independence from a partner or find yourself drawn to people who seem unconventional or exciting. These days *Venus* crossing *Uranus* makes you crave something different, so your usual patterns in romance or friendships feel boring by comparison.

### ♁ Chiron ☹ Opposition ♂ natal Mars

Right now you are more aware of how you push forward without checking if you are actually hurting yourself or others. **You second-guess your own aggression** and find it harder to act decisively because you are noticing the damage you might cause. Over the coming weeks, this self-doubt can make you feel stuck between wanting to move forward and worrying you will do it wrong.

### ♅ Uranus △ Trine ♀ natal Venus

Over the coming weeks you are more willing to do things differently in your relationships and social life, and people respond well to this openness. You feel less concerned about what others think, which makes you **more authentic and relaxed** around people you care about. This natural ease draws others toward you and creates space for real connection instead of performing what you think you should be.

### ♀ Venus △ Trine ☽ natal Moon

You feel more comfortable being yourself around people right now, and your **emotional warmth comes across naturally** without effort. Others respond well to you during this period because you're genuinely interested in connection rather than defensive. This is a good time to reach out to people you care about, since you're in a receptive mood and conversations tend to flow easily.

### ☉ Sun ∟ Semi sextile ☽ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

### ☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ∟ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

LUNAR DAY

Moon in ♏ Scorpio · Day 3 / 30 · New Moon

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
