KEY TRANSIT FACTORS

♁ NNode ∠ Semi sextile ♁ natal Chiron

Over the coming weeks, you'll find it easier to **notice when someone else is struggling and know exactly what to say** without overthinking it. This natural gift for understanding pain in others comes from recognizing similar patterns in yourself, and right now that recognition flows smoothly instead of getting tangled up. People around you will feel genuinely heard by you during this period, and that simple act often helps them more than they expected.

♂ Mars qx Quincunx ♃ natal Mercury

These days you're noticing a mismatch between what you want to say and what actually comes out, making conversations feel awkward or incomplete. Your thoughts move fast but your words struggle to keep up, so you end up **revising what you've said mid-sentence or backtracking** to clarify yourself. This friction usually settles once you slow down and write things out before speaking, rather than trying to think and talk at the same time.

♄ Saturn △ Trine ♁ natal Chiron

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♃ Mercury □ Square ♃ natal Jupiter

Over the coming weeks, you're likely to **overstate your case and talk past people** instead of listening to what they actually need. Your confidence in your own ideas is running high, but you're glossing over details and assuming you already understand the full picture. This habit can damage practical plans at work or create real friction in conversations where precision actually matters.

☉ Sun qx Quincunx ♃ natal Mercury

While this lasts, you find it hard to explain what you actually mean, even though your thoughts feel perfectly clear inside your head. People misunderstand you more often than usual, and you might notice yourself **rephrasing things multiple times** without getting your point across any better. The mismatch between what you think and what comes out of your mouth will probably frustrate you until this period passes.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

LUNAR DAY

Moon in ♎ Libra · Day 22 / 30 · Waning Gibbous

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
