KEY DATE

♂ Mars enters ♈ Aries

Mars in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

KEY TRANSIT FACTORS

♂ Mars ☍ Opposition ♁ natal Uranus

Right now you're more **irritable and impulsive than usual**, and you're picking fights with people who usually don't bother you. Your need to break free from routine is so strong that you're making reckless decisions without thinking about the consequences. Over the coming weeks, you'll need to put real effort into slowing down before you act, or you'll damage relationships and create practical problems you'll regret.

♁ Chiron ☌ Conjunction ♁ natal Lilith

Right now you are more aware of how you reject parts of yourself that don't fit what you think you should be. You notice **where you push away your own needs** to keep the peace or look acceptable to others. Over the coming weeks, this awareness can help you see these patterns clearly, though it may feel uncomfortable at first.

♂ Mars * Sextile ☾ natal Moon

Right now you feel **more decisive about what you actually want**, and your emotions back up your actions instead of second-guessing them. You're likely to take practical steps on something that matters to you—whether that's speaking up at work, starting a project at home, or setting a boundary you've been putting off. This period gives you the confidence to trust your gut and act on it without overthinking.

☾ Moon ∟ Semi sextile ♇ natal Pluto

You feel more **willing to face uncomfortable truths** about yourself without getting overwhelmed right now. Your emotional responses are steadier when difficult topics come up, so you can actually think clearly instead of shutting down. This is a good window to have honest conversations or make practical changes you've been putting off.

♇ Pluto ☌ Quincunx ☿ natal Mercury

While this lasts, you may notice that your usual way of explaining yourself stops landing the way it normally does. Your thoughts feel scrambled when you try to communicate what you actually mean, and others seem to misunderstand your point more often than usual. This **mental friction** between what you think and what comes out is temporary, so slowing down before you speak or write can help bridge the gap.

♃ Jupiter Rx · ♊ Gemini

Learning and intellectual expansion turn inward during this period — ideas that felt promising when conceived now require honest evaluation. Information gathered quickly may benefit from slower, deeper processing. Connecting existing knowledge serves you better right now than gathering new material.

☉ Sun * Sextile ♆ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

☉ Sun ☌ Conjunction ♇ Pluto

These days you're more aware of what actually matters to you and less willing to pretend otherwise. You may feel **driven to make real changes** — dropping habits that feel fake or relationships that drain you — even if it makes things uncomfortable for a while. This isn't about drama; it's about wanting your life to match what you actually believe.

☉ Sun △ Trine ♃ Chiron

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

LUNAR DAY

Moon in ♌ Leo · Day 24 / 30 · Last Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
