## KEY TRANSIT FACTORS

### ☉ Sun \* Sextile ♃ natal Jupiter

You're feeling more confident about your abilities right now, and you're probably taking on projects or conversations you might normally avoid. Your natural optimism is working in your favor — people respond well to your **straightforward, encouraging attitude**, and doors tend to open more easily. Over the coming weeks, trust this momentum to try something new or pitch an idea you've been sitting on.

### ☿ Mercury △ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

### ♇ Pluto qx Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

### ♀ Venus ∠ Semi sextile ☾ natal Moon

These days you find it easier to **accept comfort from people around you** without overthinking it or pulling away. Your emotional guard drops just enough that you can actually enjoy a conversation, a meal shared, or someone's company without feeling like you need to earn it. This small shift makes your relationships feel less like work and more like something that naturally fills you up.

### ♇ Pluto ∠ Semi sextile ♂ natal Mars

Over the coming weeks, you'll notice a quiet **steadiness building underneath your actions**, as if you're becoming more deliberate about where you spend your effort. Small projects that felt stuck suddenly move forward because you're not forcing them anymore—you're working with what actually works. This calm persistence is temporary, but while it lasts you can accomplish practical things without the usual friction.

### ♄ Saturn Rx · ♄ Capricorn

Ambitions, career structures, and long-term goals are under the most rigorous review possible during this period. Work that has been sustained through discipline alone may now reveal where genuine motivation is missing. This is a demanding but genuinely clarifying period for honest assessment of your long-term direction.

### ☉ Sun ∠ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ♄ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

☉ Sun ♁ Opposition ♄ Saturn

Right now you feel **blocked by rules and criticism** when you try to move forward on something that matters to you. Authority figures or your own strict inner voice push back against what you want to do, making you doubt whether you deserve to succeed. This friction is real and uncomfortable, but it forces you to build something solid instead of rushing ahead on ego alone.

LUNAR DAY

Moon in ♊ Gemini · Day 27 / 30 · Waning Crescent

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
