## KEY TRANSIT FACTORS

### ♃ Jupiter ☿ Quincunx ♁ natal Chiron

You find yourself **overestimating what you can help others fix**, especially in situations where someone else needs to do their own work. Your confidence in giving advice or support grows, but you often miss the signs that people need to figure things out themselves. Over the coming weeks, you may feel frustrated when your generous efforts don't produce the results you expected.

### ♆ Neptune \* Sextile ♀ natal Venus

Right now you're more **willing to see people as they want to be seen rather than how they actually are**, which softens your relationships in a real and practical way. You feel less critical of your partner or close friends and more inclined to give them the benefit of the doubt when things go wrong. Over the coming weeks, this gentler outlook makes your social life feel easier and your connections feel warmer, even though nothing concrete has actually changed.

### ☉ Sun ☌ Opposition ☾ natal Moon

Right now you feel caught between what you want to do and what you feel you should do, and this split is making you irritable and tired. Your **need for rest clashes with external demands**, so you're pushing yourself when your body is asking for a break. Over the coming weeks, others may see you as withdrawn or difficult, when really you're just exhausted from the mismatch between your inner state and what the outside world expects from you.

### ♀ Venus ∟ Semi sextile ♂ natal Mars

Right now you find it easier to **ask for what you want without apologizing**, whether in conversation or in your actions. Your usual hesitation about pursuing your own goals softens, and you can speak up or make moves with a natural confidence that feels good. This small but real shift helps you get things done and connect with others more directly over these coming weeks.

### ♀ Venus □ Square ♀ natal Venus

These days you feel **restless about what you want** and find it hard to settle on anything that normally makes you happy. You might pick fights with people you care about over small things, or suddenly feel disconnected from activities and relationships that usually feel satisfying. This friction between what you think you should want and what you actually want right now can push you to figure out what really matters to you, even though it feels uncomfortable while it lasts.

### ☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

### ♂ Mars Rx · ♉ Taurus

Motivation runs slower and more stubborn than usual during this period. Physical energy is inconsistent and the desire to maintain existing routines outweighs any push toward change. Patience with your own pace matters more than forcing output that the body or circumstances are not ready for.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun \* Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

☾ Moon △ Trine ♿ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

**The social atmosphere becomes more expressive** these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Aries

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
