## KEY TRANSIT FACTORS

### ☿ Mercury ☹ Opposition ♂ natal Mars ★

Right now you're more likely to say things you regret, especially when someone disagrees with you or moves too slowly. Your **impatience with others' words and ideas** is heightened, making conversations feel combative even when they don't need to be. Over the coming weeks, watch for a pattern where you interrupt, argue about details, or push your point too hard instead of listening.

### ☉ Sun ☐ Square ♃ natal Jupiter

These days you are **overestimating what you can accomplish** and taking on too much at once. You feel confident and expansive, but your actual capacity has not changed, so you end up stretched thin and frustrated when reality does not match your ambitions. The gap between your optimism and your real limitations creates practical problems at work or in your commitments that take weeks to sort out.

### ♂ Mars qx Quincunx ♁ natal Chiron

Right now you're more aware of old hurts when someone pushes back against you or challenges your plans. You might notice yourself **reacting defensively to minor criticism** that you'd normally brush off. Over the coming weeks, this clash between your assertiveness and your sensitivity gives you a chance to see where you need better boundaries instead of just withdrawing or fighting back.

### ♅ Uranus ☹ Opposition ♅ natal Uranus

Right now you're feeling restless with your current situation and want to break free from something, but you're not sure what or how to do it safely. You might push back against rules or routines that actually serve you, or make sudden changes that create more instability rather than solving real problems. **The unpredictability cuts both ways** — while you crave more freedom, you're also becoming less reliable to the people who depend on you, and that friction is hard to avoid over the coming weeks.

### ☉ Sun ∟ Semi sextile ☉ natal Sun

You're finding it easier to **speak up about what matters to you** without the usual doubt holding you back. People around you respond well to this quieter confidence, and small wins follow naturally. This supportive influence from *Sun* semi-sextile your natal *Sun* lasts a few weeks and gives you a gentle boost in recognizing your own value.

### ☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

### ☉ Sun ☐ Square ♅ Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.

### ☉ Sun △ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.
