KEY TRANSIT FACTORS

☾ Moon ☾ Semi sextile ♄ natal Saturn ★

These days you find it easier to **organize your thoughts before speaking**, which helps you communicate more clearly with the people around you. Your emotional responses feel steadier right now, letting you handle practical problems without getting pulled into drama. Over the coming weeks, you may notice yourself making decisions that actually stick because you're checking in with yourself first instead of reacting on impulse.

♃ Jupiter ☿ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

☾ Moon ★ Sextile ♁ natal Chiron

Right now you find it easier to talk about things that usually hurt to mention, and people respond well when you do. Your **natural openness about your own difficulties** gives others permission to be honest too, creating real connection instead of surface small talk. Over the coming weeks, this ease with vulnerability can help you understand your own patterns more clearly and support someone else who needs to hear that they're not alone in their struggle.

♁ NNode ☿ Opposition ☉ natal Sun

Right now you're running into people and situations that challenge who you think you are. You feel **pulled in two directions** — between what feels familiar and comfortable about yourself versus what others expect from you or what new circumstances demand. This friction can make you feel defensive or uncertain, but it's forcing you to figure out which parts of your identity are actually yours and which ones you've just been carrying around.

♆ Neptune ☿ Quincunx ♅ natal Uranus

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♃ Jupiter Rx · ♊ Gemini

Learning and intellectual expansion turn inward during this period — ideas that felt promising when conceived now require honest evaluation. Information gathered quickly may benefit from slower, deeper processing. Connecting existing knowledge serves you better right now than gathering new material.

☉ Sun ☌ Opposition ☾ Moon

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun ☌ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

LUNAR DAY

Moon in ♊ Gemini · Day 15 / 30 · Waxing Gibbous

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
