KEY TRANSIT FACTORS

♀ Venus ☌ Quincunx ♀ natal Venus

Over the coming weeks, you might feel slightly off about what usually makes you happy, whether that's social time, physical affection, or how you spend money. You may become **restless with familiar routines** and find yourself wanting something different without quite knowing what. This awkward feeling typically pushes you to adjust how you approach relationships or self-care rather than change them completely.

☾ Moon ☐ Square ♀ natal Venus

Right now you feel emotionally out of step with the people closest to you, making it hard to enjoy their company or feel appreciated by them. You may pick fights over small things or withdraw when you normally would reach out, leaving relationships feeling **strained and disconnected**. These days your mood swings can make you seem ungrateful or cold, even when that is not what you intend.

♂ Mars ☌ Quincunx ♂ natal Mars

Right now you're noticing that your usual way of getting things done feels slightly off, like you're taking an extra step to reach the same result. You might find yourself **adjusting your approach mid-action** — starting a task one way, then switching tactics because something doesn't quite fit. Over the coming weeks, this awkward rhythm will fade, but while it lasts you'll do better by checking in with yourself before committing fully to any plan.

♊ NNode ☌ Quincunx ☿ natal Mercury

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♄ Saturn ☌ Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that **old wounds or insecurities surface when you face practical limits**— especially around work, deadlines, or things you cannot control. This happens because *Saturn* is making you take a hard look at what you've been managing poorly or avoiding, and it feels uncomfortable. The shift you need is to stop protecting yourself and instead be honest about where you actually need help or training.

☉ Sun ☌ Semi sextile ☾ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

☉ Sun ☌ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

LUNAR DAY

Moon in ♋ Cancer · Day 28 / 30 · Waning Crescent

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
