KEY TRANSIT FACTORS

♄ Saturn ☐ Quincunx ☉ natal Sun

Right now you feel **slightly out of sync with your own plans**, as if the effort you put in doesn't quite match what actually happens. *Saturn* is creating friction with your *Sun*, making you notice where you've been overcommitting or underestimating what tasks really take. These days you're more likely to step back and question whether you're spending your time and energy on things that actually matter to you.

♆ Neptune ☐ Square ♂ natal Mars

Right now your usual drive and confidence feel blurred, making it hard to know what you actually want versus what you think you should do. You may **start projects you abandon halfway through, or lose the will to push forward on things that normally matter to you**. This fog around your own direction lasts a few weeks and can leave you frustrated with yourself for lacking the usual clarity.

☾ Moon ☐ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

♄ Saturn ☐ Square ♃ natal Jupiter

Right now you are running into real limits on plans you thought were solid, and it feels frustrating because you expected things to move faster. Your natural **optimism about what's possible hits a wall**, and you have to sit with delays, rejections, or the plain fact that something costs more than you budgeted. Over the coming weeks, this friction between your hopes and actual circumstances forces you to get honest about what you can actually do, which is uncomfortable but necessary.

♅ Uranus ☐ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your usual routines feel less satisfying or believable than before. You might find yourself questioning plans you thought were solid, or feeling restless about commitments that once felt safe. This **disconnect between what you expect and what actually holds your attention** can make it hard to stick with anything for long, so building in flexibility rather than fighting the feeling works better right now.

♃ Jupiter **Rx** · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

♄ Saturn Rx · ♊ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☾ Moon ☍ Opposition ♄ Saturn

Right now you feel like people around you are pulling away or becoming more critical, and it's hard not to take it personally. **You're more aware of what you're lacking** — your mistakes feel bigger, your efforts feel smaller, and reassurance from others doesn't stick. These days the emotional support you need feels distant or conditional, so you're likely to withdraw or work harder to prove yourself, which only makes the heaviness worse.

☾ Moon * Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. Your emotional reactions are quicker and sharper, letting you spot solutions that seem obvious once you see them. **You act on impulses in practical ways** — calling someone you've been meaning to reach out to, rearranging your space, or saying what you actually think — and it lands well with people around you.

☾ Moon □ Square ♄ Chiron

Right now you feel **emotionally raw about old hurts** that you thought were settled, and small rejections hit much harder than they should. You might snap at someone over something minor, or withdraw from people because you expect them to let you down anyway. This feeling usually passes in a day or two, but while it lasts, your emotional skin is thinner and your trust in others takes a real hit.

LUNAR DAY

Moon in ♋ Cancer · Day 2 / 30 · New Moon

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.

CLOTHING & JEWELRY
