KEY TRANSIT FACTORS

♇ Pluto △ Trine ☉ natal Sun ★

Right now you feel **less afraid to make real changes** in your life, and people respond to this quiet confidence. You stop waiting for permission and start acting on decisions you've been sitting with for months. Over the coming weeks, you'll notice doors opening because you're finally moving forward instead of second-guessing yourself.

♂ Mars □ Square ♇ natal Pluto

Right now you're running into situations where you want to control outcomes, but other people or circumstances push back hard. You might feel **frustrated and impatient** because your usual tactics aren't working, and the pressure makes you want to force things even more. Over the coming weeks, watch for moments where you're being stubborn or aggressive—stepping back will actually get you better results than doubling down.

♄ Saturn △ Trine ☉ natal Sun

Right now you find it easier to **follow through on what matters to you**, and people notice the difference in your reliability. Your practical sense is sharp, so you can see which goals are actually worth your time and which ones to drop without guilt. Over these coming weeks, you're building real credibility because you do what you say you will do.

☾ Moon □ Square ♃ natal Jupiter

Your emotions right now are pulling you toward overcommitment and excessive spending that your wallet cannot actually support. You feel optimistic and generous, but you're not paying attention to real limits or consequences. This gap between what you want to give and what you can afford often leads to regret or resentment once the period passes.

♀ Venus △ Trine ♆ natal Neptune

These days you find it easier to **connect with people on a softer level**, and they respond well to your gentleness. Your romantic life or close relationships feel more fluid right now, with less friction and more natural understanding between you and others. Over the coming weeks, your appreciation for beauty and comfort also tends to make everyday moments feel a bit more pleasant.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ∟ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

LUNAR DAY

Moon in ♊ Gemini · Day 11 / 30 · First Quarter

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
