KEY DATE

♀ Venus stations Direct

Venus moving direct again means **attraction and money flow start picking up** after weeks of stalling—deals that seemed stuck suddenly move, people return, prices stabilize. Clarity arrives about **what you actually want** in relationships and spending, so decisions made now tend to stick rather than flip-flop like they did during the retrograde. In practice, this is when **new conversations happen**, second dates turn into real commitments, and you stop second-guessing purchases you've already made.

KEY TRANSIT FACTORS

☾ Moon ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **put your feelings into words** without overthinking or second-guessing yourself. Your conversations with others feel more natural and relaxed because your emotional state and your thinking are working together smoothly. Over the coming weeks, this makes it simpler to explain what you actually need or how you really feel, and people tend to listen better when you're this straightforward.

☉ Sun * Sextile ♄ natal Saturn

Right now you feel **more capable of following through** on what you say you will do, and people notice the difference. Your practical judgment is sharper during this period, so you make fewer impulsive decisions and regret them less. This is the time to tackle projects that need real discipline and to build something that will actually last.

♅ Uranus ♂ Conjunction ☿ natal Mercury

Right now your thinking is unusually **restless and unpredictable**, and you may find yourself jumping between ideas or changing your mind more often than usual. People around you might notice you're speaking differently—more bluntly, more rapidly, or bringing up subjects you normally wouldn't mention. Over the coming weeks, this can shake up how you communicate at work or in relationships, so it helps to notice when you're being impulsive with your words.

♂ Mars ♂ Conjunction ☿ natal Mercury

Over the coming weeks, your mind works faster than usual and you're more likely to say what you think without filtering it first. You'll notice yourself jumping into conversations, arguing your point more forcefully, or getting impatient with slow explanations. This sharpness can help you cut through confusion or tackle problems directly, but it can also create friction if you're not aware of how blunt you're sounding.

☿ Mercury ♂ Conjunction ☿ natal Mercury

Your mind is running faster than usual right now, and you find it easier to express what you actually think. You're **naturally more talkative and clearer when explaining things**, which makes conversations at work or home feel less complicated. This sharpness lasts for weeks, so it's a good time to tackle writing, planning, or any discussion you've been putting off.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun * Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

☾ Moon ☾ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

Moon in ♋ Cancer · Day 1 / 30 · New Moon
