KEY TRANSIT FACTORS

☾ Moon ♂ Conjunction ☉ natal Sun ★

Your **emotional needs feel more visible and urgent** right now, and people around you pick up on what you're feeling without you having to explain much. You may act on impulses or speak your mind faster than usual because your feelings are closer to the surface. This period lasts days to a week or two, and it's a natural time to check in with yourself about what you actually need.

☾ Moon △ Trine ♃ natal Jupiter ★

Right now you feel **genuinely optimistic about what's possible**, and other people pick up on that — they become more generous and cooperative with you. You're more likely to take small social risks or ask for what you need because rejection doesn't seem threatening at the moment. These days your mood lifts your practical decisions, so you make choices that actually work out better than usual.

☾ Moon ♀ Opposition ♆ natal Neptune ★

Right now you are spotting contradictions between what people say and what they actually do, which makes you feel **suspicious and on edge** socially. Your usual ability to go along with things is gone, and you're asking harder questions about whether relationships are real or just comfortable habits. These days this clarity feels lonely because pointing out the gap between words and actions tends to upset people around you.

☾ Moon ★ Sextile ♊ natal NNode ★

You find it easier right now to **act on what feels right to you** without second-guessing yourself. Your gut instinct about people and situations is sharper than usual, and you're more likely to trust it. Over the coming weeks, this natural confidence helps you move toward the things you actually want instead of getting stuck in old patterns.

♀ Venus ★ Sextile ♂ natal Mars

You're feeling **confident and direct about what you want**, which makes it easier to ask for things or take action without overthinking. People around you respond well to this combination of warmth and decisiveness, so conversations that usually feel awkward become straightforward. Over the coming weeks, you'll likely notice you're more willing to make a move on something you've been considering, whether that's starting a project or deepening a connection with someone.

♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun △ Trine ♃ NNode

Right now you find it easier to **do what actually suits you** instead of what you think you should do. People around you notice you seem more confident in small choices, like speaking up in meetings or trying something new without overthinking it. This period supports you in building habits and friendships that feel genuinely right for your life.

LUNAR DAY

Moon in ♉ Taurus · Day 9 / 30 · First Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
