KEY TRANSIT FACTORS

☾ Moon △ Trine ♃ Jupiter ★

Right now you feel more **generous and open to others** than usual, and people pick up on that. You're more likely to say yes to plans, share what you have, and give people the benefit of the doubt. This is a practical time to strengthen relationships because you're not defensive or withdrawn.

♂ Mars △ Trine ♇ natal Pluto

Right now you have **real drive to tackle difficult problems** that have been sitting on your shelf, and you're doing it without burning out. Your willpower feels steady instead of aggressive, so you can push through obstacles without exhausting yourself or alienating people around you. Over the coming weeks, you'll notice you're actually finishing projects and making visible progress where you usually get stuck.

♄ Saturn qx Quincunx ♂ natal Mars

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♅ Uranus * Sextile ♄ natal Saturn

You find it easier to **make practical changes without feeling destabilized** right now, as if your usual caution pairs well with wanting something different. Your instinct to plan actually helps you experiment—you can try new approaches at work or in your routines without abandoning what actually works. These days you're less afraid of disrupting your own systems because you trust you can rebuild them quickly if needed.

♁ Chiron * Sextile ♁ natal NNode

Over the coming weeks, you find it easier to **talk about your actual experiences instead of pretending everything is fine**. People respond well to this honesty because you're not oversharing your wounds but simply being real about what you've learned. This openness builds better connections with others and helps you move forward without carrying old resentment.

♁ Chiron ♂ Opposition ♆ natal Neptune

Over the coming weeks, you become aware of ways you have been avoiding practical reality by retreating into fantasy or wishful thinking. Your usual escape routes stop working, and you feel **exposed and raw when you cannot slip away into daydreams**. This discomfort is real, but it is also pointing you toward the concrete problems you need to address instead of imagining them away.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon * Sextile ♂ Mars

Right now you feel like **taking action on things that matter to you emotionally**, and your body has the energy to back it up. You're not overthinking or second-guessing yourself as much as usual; instead you're moving forward with projects or conversations that felt stuck before. This is a practical window for getting things done without burning yourself out.

* = natal resonance — this transit echoes your birth chart, amplifying its influence
