KEY DATE

☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

KEY TRANSIT FACTORS

♁ Chiron * Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your own past difficulties without getting stuck in them. You notice you can listen to others' problems and actually help instead of just feeling overwhelmed by what they are going through. This is a good time to **share what you have learned from your own hard experiences** in ways that feel natural and useful.

♇ Pluto * Sextile ♀ natal Venus

You're finding it easier to say what you actually want in your relationships right now, and people respond well to your honesty. Your **natural confidence in social situations** is higher than usual, which means conversations feel less forced and more genuine. Over the coming weeks, you may notice that others are more willing to listen to you and take your preferences seriously.

♏ NNode ☿ Conjunction ♇ natal Pluto

You are drawn to situations where you have to confront what you actually want instead of what you think you should want. This period brings moments where your usual ways of handling power and control no longer work, forcing you to make real changes in how you relate to others. Over the coming weeks, you may find yourself saying no to people or situations you would normally tolerate, which feels uncomfortable but also oddly necessary.

☿ Mercury △ Trine ☿ natal Mercury

Right now your thinking feels clearer and you organize your thoughts more easily than usual. You find yourself **explaining things well to others** and picking up on what people actually mean instead of misunderstanding them. These days conversations flow better and you solve practical problems faster because your mind is working smoothly.

☉ Sun ☿ Quincunx ♏ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

♀ Venus Rx · ♎ Libra

The foundations of your most significant partnerships are under review during this period. Imbalances in give-and-take that were tolerated before become harder to ignore. Avoid making major relationship decisions — finalizing commitments or ending things — until you have had enough time to see the full picture.

♃ Jupiter Rx · ♈ Aries

Expansion and confidence retreat inward during this period, and bold initiatives launched recently may feel overextended. The impulse to charge forward is replaced by a quieter, more honest review of where your genuine optimism is warranted. Reassessment serves you better than new beginnings right now.

☉ Sun ☌ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☾ Moon △ Trine ♃ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.

☾ Moon △ Trine ♂ Mars

Right now you feel like acting on what matters to you instead of overthinking it. **Your emotions and your willingness to do things are working together**, so a project you've been hesitant about suddenly feels doable. These days small tasks get done faster and conversations feel easier because you're not second-guessing yourself.

LUNAR DAY

Moon in ♒ Aquarius · Day 9 / 30 · First Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
