KEY TRANSIT FACTORS

♂ Mars ☍ Opposition ♇ natal Pluto

You feel an unusual **drive to challenge authority or push back against rules** that normally you accept without question. Your frustration builds quickly when you sense someone trying to control you, and you may act on that irritation before thinking through the consequences. These days, your willingness to start confrontations can damage relationships or create practical problems at work that take months to repair.

☉ Sun * Sextile ♇ natal Pluto

You find it easier right now to **take charge of situations that usually feel overwhelming**. The transit of the *Sun* sextile your natal *Pluto* gives you practical confidence to handle difficult conversations or make real changes at work without getting stuck in doubt. Over the coming weeks, people respond to your directness and willingness to act, which opens doors you thought were closed.

♅ Uranus ∟ Semi sextile ☿ natal Mercury

Over the coming weeks, your mind becomes **quicker to spot new angles on old problems**, and you find yourself asking questions you wouldn't normally ask. Small talk feels less interesting, but one-on-one conversations where you can explore unusual ideas feel energizing and natural. This is a good time to try a different approach to something at work or pick up a skill you've been curious about, because your brain is genuinely primed for it right now.

♀ Venus □ Square ♀ natal Venus

These days you feel **restless about what you want** and find it hard to settle on anything that normally makes you happy. You might pick fights with people you care about over small things, or suddenly feel disconnected from activities and relationships that usually feel satisfying. This friction between what you think you should want and what you actually want right now can push you to figure out what really matters to you, even though it feels uncomfortable while it lasts.

♃ Jupiter ∟ Semi sextile ♀ natal Venus

Over the coming weeks, you find it easier to say yes to social invitations and to express what you actually like about the people around you. **You're more generous with compliments and attention**, which tends to make conversations warmer and more genuine. This small shift in how you show up socially often leads to better connections and a quiet sense of contentment in your relationships.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun □ Square ♃ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

LUNAR DAY

Moon in ♏ Scorpio · Day 11 / 30 · First Quarter

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
