KEY TRANSIT FACTORS

☉ Sun ☌ Semi sextile ♅ natal Uranus

These days you feel **more willing to try new approaches** without forcing big changes or making yourself uncomfortable. You notice small opportunities to do ordinary things differently, and they actually work out. This is a good time to test small experiments in your work or routines because your usual caution is relaxed just enough to let you be flexible.

☉ Sun ☐ Square ☾ natal Moon

Right now you feel at odds with what you actually need, making it hard to settle into anything or feel comfortable in your own routine. You might **snap at people who are trying to help you**, or find yourself irritable about small practical things like meals or sleep schedules. Over the coming weeks, this mismatch between what you think you should do and what your body is asking for will push you to pay attention to what you're actually ignoring.

♀ Venus ☐ Quincunx ♂ natal Mars

Over the coming weeks, you may notice that what normally appeals to you doesn't quite fit your current drive, leaving you feeling **slightly out of sync with your own desires**. Your attractions and what you actually want to do pull in different directions, making it hard to settle on what matters most. This awkward gap typically passes as the transit moves on, but while it lasts you might need to slow down and check in with yourself about what you actually value right now.

♃ Jupiter ☐ Square ♇ natal Pluto

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

♀ Venus ☐ Square ♀ natal Venus

These days you feel **restless about what you want** and find it hard to settle on anything that normally makes you happy. You might pick fights with people you care about over small things, or suddenly feel disconnected from activities and relationships that usually feel satisfying. This friction between what you think you should want and what you actually want right now can push you to figure out what really matters to you, even though it feels uncomfortable while it lasts.

☉ Sun ☐ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

› Moon ✳ Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

› Moon ♂ Conjunction ♂ Mars

These days you feel **more willing to act on what bothers you** instead of sitting with it quietly. Your emotions are running faster than usual, and you're more likely to speak up or make a move when something frustrates you. This is a practical time to tackle tasks that need direct energy, though it's also easier to react sharply if someone gets in your way.

LUNAR DAY

Moon in ♍ Virgo · Day 1 / 30 · New Moon

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
