♁ Lilith	in	♋ Cancer	7°08'35"	XII

KEY TRANSIT FACTORS

♇ Pluto ☌ Opposition ♄ natal Saturn · peak 18 Feb

You're running into **hard limits on what you can control** right now, and it feels frustrating because the rules keep changing. Your usual strategies for staying organized and on top of things stop working, forcing you to admit where you've been rigid or out of touch with reality. Over the coming weeks, this friction between what you thought was solid and what's actually true will push you to rebuild your approach to work, responsibility, and how you manage your time.

♁ NNode ☌ Conjunction ☿ natal Mercury · peak 18 Feb

While this lasts, you find yourself drawn to people and conversations that feel more meaningful than usual. You're more likely to speak up about things that matter to you and to **listen carefully when others share their real thoughts**. These days your practical communication skills improve, and you notice you can explain yourself more clearly in work meetings or personal discussions.

♃ Jupiter ☐ Square ♄ natal Chiron · peak 17 Feb

Right now your **tendency to overestimate what you can fix** is causing real friction in your relationships and work. You are pushing too hard to solve problems that belong to other people, and they are pulling back or getting annoyed with your interference. Over the coming weeks, you will need to learn where your actual limits are by running into them repeatedly.

♄ Chiron * Sextile ♁ natal NNode · peak 5 Feb

Over the coming weeks, you find it easier to **talk about your actual experiences instead of pretending everything is fine**. People respond well to this honesty because you're not oversharing your wounds but simply being real about what you've learned. This openness builds better connections with others and helps you move forward without carrying old resentment.

♆ Neptune ☐ Square ♅ natal Uranus · peak 1 Feb

You feel torn between wanting to break free from something and being unable to see clearly what needs to change. Your impulse to rebel clashes with confusion about which direction actually makes sense, leaving you **restless and indecisive**. Over the coming weeks, small frustrations can pile up as you second-guess decisions you thought were final.

♄ Chiron ☌ Opposition ♆ natal Neptune · peak 5 Feb

Over the coming weeks, you become aware of ways you have been avoiding practical reality by retreating into fantasy or wishful thinking. Your usual escape routes stop working, and you feel **exposed and raw when you cannot slip away into daydreams**. This discomfort is real, but it is also pointing you toward the concrete problems you need to address instead of imagining them away.

♄ Saturn ☌ Quincunx ♀ natal Venus · peak 1 Feb

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

♃ Jupiter △ Trine ♄ natal Saturn · peak 1 Feb

You find it easier right now to follow through on plans you've been putting off because **you're motivated without feeling rushed**. Your confidence in what you can actually do grows, so you stop second-guessing yourself and just move forward. Over the coming weeks, this steadiness pays off—projects gain real momentum and you see concrete results.

♅ Uranus ♂ Opposition ♿ natal Mercury · peak 1 Feb

Your thoughts feel scattered and hard to pin down right now, making it difficult to follow through on plans or explain yourself clearly to others. You may say things you didn't mean or misunderstand what people are trying to tell you, creating **unexpected miscommunication** in conversations that normally go smoothly. This period asks you to slow down and double-check your words and reasoning before acting on them, even though your mind is pushing you to move fast.

♆ Neptune ♁ Quincunx ♀ natal Moon · peak 1 Feb

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

♆ Neptune △ Trine ♄ natal Saturn · peak 29 Feb

Right now you find it easier to stick with practical plans without getting frustrated by delays or setbacks. **You stay calm under pressure** and actually follow through on responsibilities that usually feel like a burden. This period gives you a real chance to build something solid, whether that's finishing a project, organizing your life, or keeping commitments you normally struggle to maintain.

♅ Uranus ♂ Conjunction ♂ natal Mars · peak 29 Feb

You feel a sudden urge to break your normal routine and try things you wouldn't usually risk. Your usual way of handling frustration stops working, and you become **impatient with anything that feels slow or restrictive**. These days you're more likely to act on impulse, so decisions that normally take you weeks might happen in a few hours.

♄ Saturn ∟ Semi sextile ♂ natal Mars · peak 1 Feb

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

♄ Chiron △ Trine ♃ natal Jupiter · peak 5 Feb

While this lasts, you're more willing to talk about what actually hurt you in the past without getting stuck in blame. Your **practical honesty about your own weak spots** makes people trust you more, and they often open up to you about theirs. Over the coming weeks, this becomes an actual advantage in your relationships and work because you can help others without pretending you have all the answers.

♁ NNode ♂ Opposition ♂ natal Mars · peak 1 Feb

Right now you're running into friction between what you want to do and what other people need from you. Your usual directness and confidence come across as selfish or aggressive to those around you, even when you don't intend it that way. **You feel pulled in opposite directions** — your instinct is to act fast and claim what you want, but circumstances keep forcing you to slow down and consider other people's interests instead.

PROGRESSED MOON

- Progressed Moon in ♏ Sagittarius 13.6° H5
- Progressed Moon ♂ Conjunction ♂ natal Mars

LUNATIONS

- New Moon · Thursday, 2 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H7 — Partnerships

A significant new chapter in your one-on-one relationships is beginning. Whether in **romantic partnership, business collaboration, or important agreements**, this lunation plants seeds that will mature over the next six months. The people you meet or commit to now carry lasting significance. If you've been considering a serious conversation with a partner or are ready to formalize a collaboration, this is the most supportive moment to take that step.

○ Full Moon · Thursday, 16 Feb

in ♌ Leo

recognition, drama, creative culmination

in H2 — Resources & Values

A financial matter or question of personal value is reaching its peak. Something involving **money, possessions, or what you're truly worth** is being illuminated — this might mean a payment arriving, a resource reaching its limit, or a clearer picture of your actual financial situation. What you've built (or failed to build) around security and income becomes visible now. This is a moment for clarity, not new spending — use what this full moon reveals to adjust your approach.

KEY DATES

Wed, 1 Feb ♅ Pluto ☌ Opposition ♄ natal Saturn

♆ Neptune ☐ Square ♁ natal Uranus

♃ Jupiter △ Trine ♄ natal Saturn

♁ Uranus ☌ Opposition ☿ natal Mercury

Thu, 2 Feb New Moon in Aquarius

Sat, 4 Feb ♅ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Sun, 5 Feb ♄ Chiron ✱ Sextile ♁ natal NNode

♄ Chiron ☌ Opposition ♆ natal Neptune

Mon, 6 Feb ♄ Chiron stations Direct

Chiron stationing direct means the **healing or learning process** you've been stuck on for months finally **moves forward again**, and you'll notice progress in whatever area felt frozen or repetitive. In practice, **clarity returns** about what actually helps—whether that's a health choice, a skill you're rebuilding, or how to handle a recurring problem—because you can see the full pattern now instead of going in circles. *Chiron* direct also lets you **stop second-guessing** what you've already figured out and start acting on those realizations, even if the fix isn't perfect.

Thu, 9 Feb ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Mon, 13 Feb ♄ Chiron ✱ Sextile ♁ natal NNode

♆ Neptune ☐ Square ♁ natal Uranus

Thu, 16 Feb Full Moon in Leo

Fri, 17 Feb ♃ Jupiter ☐ Square ♄ natal Chiron

Sat, 18 Feb ♅ Pluto ☌ Opposition ♄ natal Saturn

♁ NNode ♂ Conjunction ☿ natal Mercury

Sun, 19 Feb ☉ Sun enters ♓ Pisces

♀ Venus enters ♒ Aquarius

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sat, 25 Feb ♄ Saturn stations Retrograde

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

Mon, 27 Feb ♁ NNode ♂ Conjunction ☿ natal Mercury

Tue, 28 Feb ☿ Mercury enters ♋ Pisces

Mercury in Pisces makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.
