KEY TRANSIT FACTORS

♂ Mars △ Trine ♀ natal Venus · peak 20 Dec ★

Right now you find it much easier to **ask for what you want** without feeling guilty or defensive about it. Your social confidence is naturally higher, and people respond well to the directness and warmth you're putting out. Over these coming weeks, you might notice yourself saying yes to invitations or making plans you'd normally hesitate about, and things tend to go smoothly when you do.

♂ Mars ♂ Opposition ♃ natal Mercury · peak 15 Dec ★

Your thinking becomes **reactive and argumentative** while this lasts, making you quick to contradict others or jump to conclusions without listening first. You may find yourself in more conflicts at work or at home because you're speaking faster than you're thinking, and people react badly to your bluntness. The psychological cost is real: you feel frustrated that no one understands your point, when really the problem is you're not giving yourself time to explain it clearly.

♃ Jupiter □ Square ♂ natal Mars · peak 20 Dec

Right now you are more likely to **overcommit and overestimate what you can actually do**, which leaves you frustrated when reality doesn't match your ambition. Your impatience is higher than usual, so small delays or obstacles feel like major blocks, and you may snap at people or push harder than makes sense. Over the coming weeks, learning to slow down and check your assumptions before acting will help you avoid wasting energy on projects that won't actually work out.

♄ Saturn * Sextile ♄ natal Chiron · peak 30 Dec

Over the coming weeks, you find it easier to **talk about things that usually feel too painful or awkward** without getting overwhelmed. Your practical side is more active right now, so you can actually do something about problems instead of just thinking about them. This is a good window to seek help, set boundaries, or take a small step toward fixing something you've been avoiding.

♆ Neptune □ Square ♀ natal Venus · peak 10 Dec

Right now you are **drawn to people and situations that are not what they seem**, and you will likely regret the time and money you invest in them. *Neptune* is blurring your judgment about what you actually want from relationships and what others can realistically give you. Over the coming weeks, pay close attention to the gap between the promises people make and what they actually deliver, because your usual ability to read a situation is temporarily offline.

♅ Uranus qx Quincunx ♃ natal Mercury · peak 1 Dec

While this lasts, your thinking becomes harder to organize—ideas arrive faster than you can sort them, and your usual way of explaining things stops working the way it normally does. You might find yourself changing your mind mid-conversation or struggling to finish a sentence because a completely different thought cuts in. This isn't permanent confusion, just a temporary mismatch between how your brain wants to work right now and how it usually operates.

♇ Pluto * Sextile ♃ natal Pluto · peak 31 Dec

You find it easier right now to **let go of situations that no longer serve you** without drama or regret. *Pluto* transiting in *sextile* to your natal *Pluto* gives you psychological permission to close chapters cleanly and move forward. Over the coming weeks you may notice you're making practical decisions about what stays and what goes with unusual clarity and calm.

♁ NNode ♁ Quincunx ♿ natal Mercury · peak 1 Dec

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♆ Neptune ∟ Semi sextile ♂ natal Mars · peak 1 Dec

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

♄ Saturn □ Square ♄ natal Saturn · peak 1 Dec

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

♃ Jupiter ♁ Quincunx ♀ natal Venus · peak 30 Dec

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♅ Uranus ∟ Semi sextile ♂ natal Mars · peak 31 Dec

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

♃ Jupiter □ Square ♿ natal Mercury · peak 1 Dec

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

♅ Uranus □ Square ♀ natal Venus · peak 31 Dec

You feel restless in your relationships and uncomfortable with routines that used to feel safe. Your usual way of connecting with others — whether through affection, commitment, or predictable gestures — suddenly feels **restrictive and inauthentic**. Over the coming weeks, you may push back against people who want things to stay the same, or you might suddenly distance yourself from relationships that feel too settled.

♄ Chiron * Sextile ♿ natal Mercury · peak 1 Dec

Right now you're finding it easier to talk about things that normally feel awkward or painful, and people respond well to your honesty. Your **ability to explain difficult feelings in clear, straightforward language** is sharper than usual, which helps you connect with others without getting stuck in defensiveness. Over the coming weeks, conversations that might have been tense instead become a chance to actually understand each other better.

♿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

LUNATIONS

● New Moon · Friday, 6 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H5 — Creativity & Romance

A new creative or romantic cycle is opening. This lunation brings **fresh energy to self-expression, passion, and pleasure** — it's the right moment to begin a creative project, allow yourself to be seen fully in a relationship, or bring more play and joy into your daily life. Children, art, and anything that makes your heart lighter all carry special significance now. What you initiate here connects directly to your happiness.

○ Full Moon · Saturday, 21 Dec

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H12 — Inner Life & Solitude

Something hidden is surfacing. This full moon illuminates **the private, unconscious, and carefully concealed aspects of your life** — old emotional patterns, self-sabotaging habits, or matters you've kept from even yourself. This is one of the most psychologically significant lunations and often coincides with a release of something that has been draining you in private. What comes to light now, though it may be uncomfortable, ultimately creates space for genuine renewal.

KEY DATES

Sun, 1 Dec ♃ Neptune □ Square ♀ natal Venus

♄ Saturn □ Square ♄ natal Saturn

Fri, 6 Dec ♀ Venus enters ♏ Scorpio

New Moon in Sagittarius

Venus in *Scorpio* makes people **more direct and intense** about what they want from others, cutting through small talk and surface-level connection. In relationships and at work, you'll notice people asking harder questions, setting clearer boundaries, and **pulling back from anything that feels fake** or half-hearted. This transit typically brings **deeper focus** on a few close connections rather than spreading energy wide, and people tend to be more honest about money, loyalty, and what they actually need.

Tue, 10 Dec ♃ Neptune □ Square ♀ natal Venus

Wed, 18 Dec ☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Fri, 20 Dec ♃ Jupiter □ Square ♂ natal Mars

Sat, 21 Dec Full Moon in Cancer

Sun, 22 Dec ☼ Sun enters ♑ Capricorn

♅ Pluto * Sextile ♅ natal Pluto

♄ Saturn * Sextile ♄ natal Chiron

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Mon, 30 Dec ♄ Saturn * Sextile ♄ natal Chiron

Tue, 31 Dec ♃ Jupiter stations Retrograde

♃ Jupiter □ Square ♂ natal Mars

♅ Pluto * Sextile ♅ natal Pluto

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.
