KEY TRANSIT FACTORS

♄ Saturn ☿ Quincunx ♁ natal Uranus · peak 1 Feb ★

Right now you feel caught between wanting to stick to your usual routines and an urge to break free from them, which creates an awkward tension in practical decisions. You might find yourself **hesitating before making changes** that normally feel automatic, or feeling frustrated when rules or limitations interfere with your independence. This period pushes you to figure out a middle ground, though it won't feel comfortable while you're looking for it.

♁ Uranus △ Trine ☉ natal Sun · peak 28 Feb ★

Over the coming weeks, you feel more willing to break your usual routines and try things differently without the anxiety that normally holds you back. You become **spontaneous and experimental** in how you approach your work, relationships, or personal projects, and these changes actually seem to work out well. *Uranus* trine your *Sun* gives you the confidence to be authentic and independent right now, so new opportunities show up when you stop forcing the old way of doing things.

♁ Uranus * Sextile ♆ natal Neptune · peak 28 Feb ★

You find yourself **more willing to experiment with creative ideas** that normally feel too risky or unconventional. Your intuition is working alongside practical thinking right now, so you can actually move forward on projects that blend imagination with real results. Over the coming weeks, you're likely to spot opportunities that others miss because you're comfortable holding two different perspectives at once.

♁ Uranus △ Trine ☾ natal Moon · peak 28 Feb ★

You feel oddly comfortable with change right now, even when it comes suddenly. Your **emotional reflexes are fast** — you notice what you actually want instead of what you think you should want, and that clarity helps you make quick practical decisions. Over the coming weeks, people around you will probably notice that you seem more relaxed about shaking things up, whether that means rearranging your home, trying a different routine, or having honest conversations you've been putting off.

♆ Neptune △ Trine ♇ natal Pluto · peak 27 Feb

You're finding it easier to let go of situations that no longer serve you without drama or resistance right now. Your practical instincts are sharper about which changes are worth making and which problems will solve themselves if you stop pushing. *Neptune* trine *Pluto* gives you a **calm acceptance of transformation** that makes difficult decisions feel less like crises and more like natural course corrections.

♃ Jupiter ∟ Semi sextile ♂ natal Mars · peak 17 Feb

Over the coming weeks, you'll notice yourself **taking action on plans you've been sitting on** without the usual self-doubt. You feel more confident when you push forward on practical tasks, and small wins come easier than usual. This is a good time to start that project or have conversations you've been putting off, because your natural momentum is working in your favour right now.

♄ Saturn * Sextile ♄ natal Saturn · peak 15 Feb

These days you find it easier to stick with your responsibilities without feeling weighed down by them. You can see practical results from the discipline you have built up over time, and this gives you real confidence in what you are capable of. Over the coming weeks, you are likely to follow through on commitments with less friction and to earn recognition from people who notice your reliability.

♄ Chiron ♁ Quincunx ♄ natal Chiron · peak 28 Feb

Over the coming weeks, you might notice old hurts or tender spots suddenly feel awkward or misaligned in new situations. You're **reassessing how you've handled past pain**, and what worked before may not fit anymore. This mismatch can feel uncomfortable, but it's actually showing you where your coping strategies need to shift.

♁ NNode ♀ Opposition ♀ natal Moon · peak 1 Feb

Over the coming weeks, you feel **pulled between what makes you feel safe and what people around you actually need from you**. Your instinct is to retreat into familiar comfort, but others are asking you to show up differently, and ignoring them creates real tension in your relationships. This clash between your emotional habits and external demands won't resolve quickly, but it will force you to recognize which patterns no longer serve anyone.

♅ Pluto △ Trine ♁ natal NNode · peak 1 Feb

You're finding it easier to let go of patterns that no longer fit your life, without the usual resistance or drama. **You can make practical changes to your direction** — whether that's in work, relationships, or how you spend your time — and they feel natural rather than forced. These shifts align with what you actually want to become, so you move forward with real conviction instead of second-guessing yourself.

♅ Pluto ♂ Conjunction ♃ natal Neptune · peak 1 Feb

You may find yourself **questioning beliefs or systems you've relied on** right now, as your usual sense of certainty starts to feel thin. What used to comfort you — a routine, a relationship dynamic, a way of thinking — can suddenly look hollow or false from your perspective. This confusion is uncomfortable but honest, and it typically clears once *Pluto* moves past your *Neptune*.

♁ NNode △ Trine ♁ natal NNode · peak 28 Feb

Right now you find yourself **naturally moving toward people and situations that feel right for you**, without having to force or overthink the decision. You meet someone useful or stumble into an opportunity that aligns with what you actually want to be doing. This period supports you in following your instincts about where to put your effort, and doors tend to open when you do.

♁ NNode ♂ Conjunction ♃ natal Neptune · peak 28 Feb

These days you feel pulled toward people and situations that seem meaningful but are hard to pin down. You may find yourself **blending your own needs into other people's visions** without noticing it happening. While this lasts, pay attention to whether you are actually helping or just absorbing someone else's confusion as your own.

♁ NNode * Sextile ♃ natal Uranus · peak 1 Feb

Over the coming weeks, you find it easier to **act on unusual ideas without second-guessing yourself**. You spot opportunities to do things differently in practical ways — a new work method, a social connection, or a creative experiment — and you move forward with genuine confidence instead of doubt. This is a good time to test something you've been curious about because your instinct for what actually works feels sharp and reliable right now.

♄ Saturn □ Square ♀ natal Moon · peak 1 Feb

Right now your emotional needs feel blocked or neglected, and you're likely being harder on yourself about what you want or feel. **You withdraw** from people instead of asking for what you need, then feel resentful or alone. Over the coming weeks, you'll have a chance to sort out which of your feelings actually matter to you and which ones you've just been carrying around without question.

PROGRESSED MOON

○ Progressed Moon in ♈ Aries 25.4° H10

○ Progressed Moon ♋ Quincunx ♃ natal Jupiter

LUNATIONS

● New Moon · Friday, 11 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H8 — Transformation

A new cycle around **deep transformation, shared resources, and what lies beneath the surface** is beginning. Financial matters involving joint money, inheritance, or debt may need fresh attention. On a deeper level, this lunation invites you to release something that no longer serves you and commit to genuine change. What you begin here has the potential to fundamentally alter how you use power, handle intimacy, and relate to loss and renewal.

○ Full Moon · Friday, 25 Feb

in ♌ Leo

recognition, drama, creative culmination

in H2 — Resources & Values

A financial matter or question of personal value is reaching its peak. Something involving **money, possessions, or what you're truly worth** is being illuminated — this might mean a payment arriving, a resource reaching its limit, or a clearer picture of your actual financial situation. What you've built (or failed to build) around security and income becomes visible now. This is a moment for clarity, not new spending — use what this full moon reveals to adjust your approach.

KEY DATES

Tue, 1 Feb ☿ Mercury enters ♋ Pisces

♊ NNode ☾ Opposition ♋ natal Moon
♇ Pluto △ Trine ♊ natal NNode
♇ Pluto ☌ Conjunction ♆ natal Neptune
♄ Saturn □ Square ♋ natal Moon
♅ Uranus △ Trine ♇ natal Pluto

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Fri, 11 Feb ☿ Mercury stations Retrograde

New Moon in Aquarius

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Sun, 13 Feb ♀ Venus enters ♋ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

Mon, 14 Feb ♇ Pluto △ Trine ♊ natal NNode

Tue, 15 Feb ♄ Saturn * Sextile ♄ natal Saturn

Sat, 19 Feb ☉ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sun, 20 Feb ♆ Neptune △ Trine ♇ natal Pluto

Tue, 22 Feb ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting

but less immediately practical.
