KEY TRANSIT FACTORS

♁ NNode * Sextile ☉ natal Sun · peak 1 Dec ★

Over the coming weeks, you find it easier to **say yes to opportunities that actually fit who you are**. People seem to notice your confidence and invite you into situations where you can be yourself without pretending. This is a practical window to take on roles or projects that match your actual strengths rather than what you think you should be doing.

♂ Mars △ Trine ♀ natal Venus · peak 27 Dec ★

Right now you find it much easier to **ask for what you want** without feeling guilty or defensive about it. Your social confidence is naturally higher, and people respond well to the directness and warmth you're putting out. Over these coming weeks, you might notice yourself saying yes to invitations or making plans you'd normally hesitate about, and things tend to go smoothly when you do.

♂ Mars ☌ Opposition ☿ natal Mercury · peak 23 Dec ★

Your thinking becomes **reactive and argumentative** while this lasts, making you quick to contradict others or jump to conclusions without listening first. You may find yourself in more conflicts at work or at home because you're speaking faster than you're thinking, and people react badly to your bluntness. The psychological cost is real: you feel frustrated that no one understands your point, when really the problem is you're not giving yourself time to explain it clearly.

♃ Jupiter ☌ Quincunx ♄ natal Saturn · peak 3 Dec

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

♇ Pluto □ Square ♃ natal Jupiter · peak 8 Dec

Over the coming weeks, you're likely to feel blocked whenever you try to expand or move forward on something important to you. Your **impatience with limits** grows as obstacles appear exactly when you thought progress was guaranteed, making you push harder against resistance instead of stepping back. This period tests whether you can accept that some things need to shrink or transform rather than simply get bigger.

♃ Jupiter △ Trine ♁ natal Chiron · peak 20 Dec

Over the coming weeks, you find it easier to talk about past hurts without getting stuck in them, and people respond well to your honesty. You're naturally **more generous with yourself** when you make mistakes, which means you actually learn from them instead of dwelling. This is a good window to help others through their own difficulties because you genuinely understand what they're going through.

♁ Chiron * Sextile ♁ natal Chiron · peak 1 Dec

Over the coming weeks, you find it easier to talk about your own past difficulties without getting stuck in them. You notice you can listen to others' problems and actually help instead of just feeling overwhelmed by what they are going through. This is a good time to **share what you have learned from your own hard experiences** in ways that feel natural and useful.

♇ Pluto ☌ Quincunx ☉ natal Sun · peak 1 Dec

These days you feel pulled to change something about yourself or your life, but the direction isn't clear yet. You might notice **restlessness in how you present yourself** to others, or a sense that your usual way of handling things no longer fits. Over the coming weeks, small adjustments to your routine or how you assert yourself will feel more natural than any dramatic overhaul.

♇ Pluto ∟ Semi sextile ♆ natal Neptune · peak 31 Dec

You find it easier right now to **notice patterns in situations that confused you before**, especially in relationships or creative projects where things felt murky. Your practical judgment sharpens, letting you spot what's actually happening underneath surface appearances rather than getting lost in assumptions. This clarity lasts only a few weeks, so it's a good time to make decisions about situations you've been uncertain about.

♇ Pluto □ Square ♃ natal NNode · peak 31 Dec

Right now you're questioning whether you're on the right track in life, and this doubt feels unusually intense and hard to ignore. You may **withdraw from people or activities** that once felt important to you, as if you need to strip things down to what actually matters. Over the coming weeks, expect to feel pushed to make real changes in how you spend your time and who you spend it with, even though the process feels uncomfortable and unclear.

♅ Uranus □ Square ☿ natal Mercury · peak 31 Dec

Your thoughts feel scattered and hard to pin down these days, making it difficult to follow through on plans or explanations. You might **interrupt conversations without noticing, say things you regret, or struggle to listen** because your mind is jumping between too many ideas at once. This restlessness in how you think and communicate will likely frustrate both you and the people around you until this period passes.

♄ Saturn □ Square ☼ natal Sun · peak 6 Dec

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

♄ Saturn ∟ Semi sextile ♃ natal Jupiter · peak 6 Dec

Over the coming weeks, you find it easier to **say no to things that don't matter**, which actually makes your bigger plans more likely to succeed. *Saturn* is helping you cut away distractions while *Jupiter* reminds you that the effort is worth it. You notice yourself feeling calmer about money and commitments because you're building something solid instead of spreading yourself thin.

♃ NNode ♂ Opposition ♇ natal Pluto · peak 1 Dec

Right now you are **resisting changes that feel necessary but threatening**. You want to stay in control of situations that are slipping away, and that grip is making you anxious and irritable with people around you. Over the coming weeks, the more you push back against what needs to shift, the more friction you will create in your relationships and work.

♃ Jupiter * Sextile ♅ natal Uranus · peak 1 Dec

You feel more **willing to try new approaches** to problems that have stalled, and practical opportunities show up that wouldn't have occurred to you before. Your natural caution loosens just enough to let you act on ideas you'd normally dismiss as too risky or unconventional. Over the coming weeks, this openness pays off in concrete ways—whether that's a new connection, a different way of working, or simply discovering that change is less frightening than you thought.

LUNATIONS

- Full Moon · Monday, 4 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H11 — Community & Goals

A friendship, group affiliation, or long-held hope is reaching its culmination. Something that began as a shared goal or community connection is now **showing its true shape** — whether that means a meaningful bond being cemented or a misalignment in values becoming clear. This full moon often brings a resolution around social belonging: who your people actually are, which dreams remain worth pursuing, and which ones need to be updated based on who you've become.

● New Moon · Thursday, 21 Dec

in ✈ **Sagittarius**

new beliefs, expansion, broader horizons

in **H6 — Health & Service**

Your daily routines and health habits are ready for a reset. This lunation opens a new cycle around **work, service, and physical wellbeing** — an ideal moment to start a new diet, organize your work environment, or establish habits that will support your energy long-term. Small, consistent changes begun now will compound into significant improvements. Pay attention to your body's signals and don't dismiss minor issues before they develop further.

KEY DATES

Fri, 1 Dec † Chiron * Sextile † natal Chiron

Mon, 4 Dec Full Moon in Gemini

Wed, 6 Dec ♂ Mars enters ✈ Sagittarius

‡ Saturn stations Retrograde

‡ Saturn □ Square ☉ natal Sun

Mars entering *Sagittarius* brings a shift toward **bigger goals and faster action** — people tend to stop sweating small details and push harder for what matters most. In relationships and work, you'll notice more **directness and impatience** with anything that feels like a waste of time, which can speed things up or create friction depending on how bluntly people speak. The practical upside is that **ambitious projects move forward** and people take risks they'd normally avoid, though they may also start more things than they finish during this transit.

Fri, 8 Dec ♃ Mercury enters ✈ Sagittarius

♅ Pluto □ Square ♃ natal Jupiter

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

Mon, 11 Dec ♀ Venus enters ♑ Capricorn

‡ Chiron * Sextile † natal Chiron

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

Mon, 18 Dec ♅ Pluto □ Square ♃ natal Jupiter

‡ Saturn □ Square ☉ natal Sun

Wed, 20 Dec ♃ Jupiter △ Trine † natal Chiron

Thu, 21 Dec New Moon in Sagittarius

Fri, 22 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sun, 24 Dec ♃ Uranus □ Square ♃ natal Mercury

Thu, 28 Dec ♃ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.
