KEY TRANSIT FACTORS

♃ Jupiter ☿ Quincunx ♃ natal Mercury · peak 5 Dec

Right now your thinking feels scattered when you try to tackle detailed work or organize your thoughts. You may notice yourself making careless mistakes in writing or communication because your **attention keeps jumping between ideas** instead of staying focused. Over the coming weeks, double-checking your work and writing things down before speaking will help you actually complete what you start.

♃ Jupiter ☿ Quincunx ♀ natal Venus · peak 23 Dec

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♄ Saturn ☾ Quincunx ☾ natal Moon · peak 17 Dec

These days you feel a mismatch between what you need emotionally and what your life is actually set up to give you. You might find yourself feeling restless or slightly out of sync in your daily routines, or noticing that **your usual comfort strategies stop working the way they normally do**. Over the coming weeks, small adjustments to how you manage your time or handle responsibilities may help you feel more settled again.

♄ Saturn ☐ Square ♅ natal Uranus · peak 20 Dec

Right now you feel trapped between what you want to do and what you have to do, and the frustration builds quickly. You become **irritable when anyone or anything blocks your independence**, and you may act out impulsively just to prove you're in control. Over the coming weeks, real responsibilities will keep colliding with your need for freedom, forcing you to make hard choices about what actually matters.

♃ Jupiter ∟ Semi sextile ♂ natal Mars · peak 18 Dec

Over the coming weeks, you'll notice yourself **taking action on plans you've been sitting on** without the usual self-doubt. You feel more confident when you push forward on practical tasks, and small wins come easier than usual. This is a good time to start that project or have conversations you've been putting off, because your natural momentum is working in your favour right now.

♆ Neptune ☐ Square ♃ natal Mercury · peak 31 Dec

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

♄ Saturn ☐ Square ♁ natal NNode · peak 1 Dec

Right now you feel **stuck between what you want to do and what you think you should do**, and this friction is making you second-guess your choices. People and situations are pushing back on your plans in ways that feel unfair, forcing you to slow down and reconsider directions you were confident about. Over the coming weeks, you'll need to do the harder work of proving to yourself—and others—that your choices actually matter, rather than just moving forward on assumption.

♄ Saturn ∟ Semi sextile ♆ natal Neptune · peak 1 Dec

Right now you find it easier to **turn vague ideas into concrete plans** without losing the creative spark. Your imagination doesn't disappear—instead it becomes practical, helping you sketch out what actually needs to happen next. Over the coming weeks, this steadiness makes you more likely to follow through on things you usually abandon halfway.

♅ Uranus ∟ Semi sextile ☉ natal Sun · peak 1 Dec

These days you feel **ready to try something different** without needing to blow up your whole life to do it. Small changes at work or home suddenly feel possible, and you notice you're less attached to how things have always been done. This is a good window to test out new routines or introduce fresh ideas that have been sitting in the back of your mind.

♄ Saturn △ Trine ♄ natal Saturn · peak 31 Dec

Right now you find it much easier to **stick with long-term plans without second-guessing yourself**. You have a practical clarity about what needs doing and the patience to do it step by step without getting frustrated. This is a good time to tackle projects that require consistent effort, because your mind naturally settles into a steady rhythm instead of jumping around.

♄ Chiron * Sextile ☉ natal Sun · peak 31 Dec

Right now you are more willing to **talk honestly about your mistakes and learn from them** without getting defensive or ashamed. This period gives you the practical ability to see where you have struggled and turn that into useful knowledge about yourself. Over the coming weeks, people around you will notice you handle feedback better and recover faster from setbacks.

♅ Uranus ☐ Quincunx ♃ natal Jupiter · peak 1 Dec

Over the coming weeks, you feel restless about plans or beliefs that used to satisfy you, and you may suddenly want to change direction even though you have not finished what you started. Your **impatience with the status quo** makes it hard to stick with practical commitments or long-term goals that require steady effort. The mismatch between your urge for something new and your actual responsibilities can leave you feeling scattered, so it helps to write down what you genuinely want before you act.

♁ NNode △ Trine ♀ natal Venus · peak 31 Dec

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

♄ Chiron ☍ Opposition ♃ natal Jupiter · peak 31 Dec

Over the coming weeks, your usual confidence in your own judgment hits a wall, and you start second-guessing decisions you'd normally make without hesitation. You feel **blocked from moving forward on plans** that seemed solid before, as if something keeps exposing the weak spots in your thinking. This period asks you to slow down and check your assumptions rather than barrel ahead—which feels frustrating, but catching these gaps now saves you from bigger mistakes later.

♄ Saturn ☐ Square ♃ natal Jupiter · peak 1 Dec

Right now you are running into real limits on plans you thought were solid, and it feels frustrating because you expected things to move faster. Your natural **optimism about what's possible hits a wall**, and you have to sit with delays, rejections, or the plain fact that something costs more than you budgeted. Over the coming weeks, this friction between your hopes and actual circumstances forces you to get honest about what you can actually do, which is uncomfortable but necessary.

LUNATIONS

○ Full Moon · Sunday, 3 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H11 — Community & Goals

A friendship, group affiliation, or long-held hope is reaching its culmination. Something that began as a shared goal or community connection is now **showing its true shape** — whether that means a meaningful bond being cemented or a misalignment in values becoming clear. This full moon often brings a resolution around social belonging: who your people actually are, which dreams remain worth pursuing, and which ones need to be updated based on who you've become.

● New Moon · Monday, 18 Dec

in ✈ Sagittarius

new beliefs, expansion, broader horizons

in H6 — Health & Service

Your daily routines and health habits are ready for a reset. This lunation opens a new cycle around **work, service, and physical wellbeing** — an ideal moment to start a new diet, organize your work environment, or establish habits that will support your energy long-term. Small, consistent changes begun now will compound into significant improvements. Pay attention to your body's signals and don't dismiss minor issues before they develop further.

KEY DATES

Fri, 1 Dec ♀ Venus enters ✈ Sagittarius

♄ Saturn ☐ Square ♁ natal NNode

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

Sun, 3 Dec ☿ Mercury stations Retrograde

Full Moon in Gemini

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Tue, 5 Dec ♄ Chiron stations Direct

Chiron stationing direct means the **healing or learning process** you've been stuck on for months finally **moves forward again**, and you'll notice progress in whatever area felt frozen or repetitive. In practice, **clarity returns** about what actually helps—whether that's a health choice, a skill you're rebuilding, or how to handle a recurring problem—because you can see the full pattern now instead of going in circles. *Chiron* direct also lets you **stop second-guessing** what you've already figured out and start acting on those realizations, even if the fix isn't perfect.

Sat, 9 Dec ♂ Mars enters ♏ Scorpio

Mars in *Scorpio* brings **sharper focus and longer attention span** — people tend to stick with difficult projects instead of jumping between tasks. In relationships and work, you'll notice more **direct confrontation** of problems that were ignored before, which can clear the air but also creates tension if handled carelessly. *Mars* here makes people **dig deeper** into whatever they're doing, whether that's research, fitness routines, or figuring out why something isn't working.

Mon, 18 Dec New Moon in Sagittarius

Wed, 20 Dec ♄ Saturn enters ♑ Capricorn

♄ Saturn ☐ Square ♃ natal Uranus

Saturn in *Capricorn* makes people **focus harder on results** — deadlines feel real, shortcuts stop working, and the gap between effort and reward narrows. At work and at home, **structure matters more**, so routines that felt optional suddenly feel necessary, and people who've been avoiding tough conversations or decisions find themselves forced to deal with them. Over time, this transit rewards **steady progress** and builds lasting foundations, but it cuts through excuses, so anyone drifting or avoiding responsibility notices consequences more quickly than usual.

Fri, 22 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sat, 23 Dec ☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Sun, 24 Dec ♆ Neptune ☐ Square ☿ natal Mercury

Mon, 25 Dec ♀ Venus enters ♑ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings

direct conversations about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.
