## KEY DATE

### ♇ Pluto stations Direct

When *Pluto* stations direct, **stuck situations finally start to shift** — whether that's a delayed decision at work, a relationship stalemate, or a project waiting for approval. *Pluto* retrograde tends to lock things in place, so you'll notice **momentum returning** and people becoming willing to commit or move forward where they've been hesitant. Over the next few weeks, whatever felt **blocked or unclear becomes easier to see and act on**, though real change still takes time.

## KEY TRANSIT FACTORS

### ♁ Chiron \* Sextile ♀ natal Venus

Over the coming weeks, you find it easier to talk about what actually matters to you in relationships instead of staying quiet or pretending everything is fine. Your **honesty about your own needs** seems to land better with others right now, and people respond by opening up more too. This natural flow between what you feel and what you say creates real connection without the usual awkwardness or hurt feelings.

### ♀ Venus qx Quincunx ♀ natal Venus

Over the coming weeks, you might feel slightly off about what usually makes you happy, whether that's social time, physical affection, or how you spend money. You may become **restless with familiar routines** and find yourself wanting something different without quite knowing what. This awkward feeling typically pushes you to adjust how you approach relationships or self-care rather than change them completely.

### ☉ Sun \* Sextile ♃ natal Uranus

You find it easier to **break your own rules and try something different** without feeling reckless or anxious about it. Your usual caution loosens just enough to let you experiment with a new idea at work, change your routine, or speak up in a way you normally wouldn't. This window lasts only a few weeks, so any small risk you take now tends to feel manageable and actually fun instead of frightening.

### ☉ Sun Δ Trine ♂ natal Mars

Right now you're finding it easier to **act on what you actually want** instead of hesitating or second-guessing yourself. Your confidence in your own decisions is natural and steady, so tasks that normally feel like a push come through with real effort behind them. Over the coming weeks, you'll likely notice you're getting things done and people respond well to your direct, purposeful approach.

### ♇ Pluto ♂ Conjunction ♆ natal Neptune

You may find yourself **questioning beliefs or systems you've relied on** right now, as your usual sense of certainty starts to feel thin. What used to comfort you — a routine, a relationship dynamic, a way of thinking — can suddenly look hollow or false from your perspective. This confusion is uncomfortable but honest, and it typically clears once *Pluto* moves past your *Neptune*.

### ♀ Venus Rx · ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

LUNAR DAY

Moon in ♐ Sagittarius · Day 8 / 30 · First Quarter

**Restlessness with routine increases** during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
