KEY TRANSIT FACTORS

♅ Uranus ☐ Square ♃ natal Mercury

Your thoughts feel scattered and hard to pin down these days, making it difficult to follow through on plans or explanations. You might **interrupt conversations without noticing, say things you regret, or struggle to listen** because your mind is jumping between too many ideas at once. This restlessness in how you think and communicate will likely frustrate both you and the people around you until this period passes.

♁ NNode ☿ Quincunx ♃ natal Jupiter

Right now you are noticing a mismatch between what you believe will make you happy and what actually does. You keep planning for bigger opportunities or better outcomes, but the details keep shifting in ways that require you to **adjust your expectations repeatedly**. Over the coming weeks, this awkward fit between your hopes and your real circumstances will push you to be more realistic about what you can actually control.

♆ Neptune ☌ Conjunction ♃ natal Jupiter

You're more willing to take risks right now, and your usual caution about money or commitments feels less important than it did before. This can work in your favour if you're starting something new, but you might also overlook practical details or agree to things without checking the facts first. Over the coming weeks, check decisions twice before acting, because your judgment about what's realistic is softer than normal.

♁ Chiron ☌ Semi sextile ♀ natal Venus

You find yourself noticing what you actually need from people around you instead of just accepting whatever comes. This clarity helps you express your preferences without guilt or over-explaining yourself. Your relationships feel more **honest and straightforward** over the coming weeks because you're willing to say what matters to you.

♂ Mars ☌ Semi sextile ♀ natal Venus

These days you feel more **confident when connecting with people** you care about, and small gestures of affection come naturally to you. Your *Mars* is working smoothly with your *Venus*, making it easier to express what you want without being pushy or awkward about it. Over the coming weeks, you might find that conversations flow better and you're less hesitant to take the social initiative.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☉ Sun ☿ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

LUNAR DAY

Moon in ♍ Virgo · Day 10 / 30 · First Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
