KEY TRANSIT FACTORS

♁ Chiron □ Square ♇ natal Pluto

You're running into situations right now where your usual ways of handling power and control stop working, and that's frustrating. You may notice yourself **pushing harder against resistance instead of stepping back**, which tends to make things worse before anything improves. While this lasts, the practical challenge is learning to let go of outcomes you can't actually control, even though every part of you wants to fight for them.

♂ Mars □ Square ♁ natal Chiron

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

☿ Mercury △ Trine ♃ natal Jupiter

These days you find it easier to explain what you actually think, and people tend to listen without getting defensive. Your mind feels **naturally clear and generous**, so you're more likely to ask good questions and give others the benefit of the doubt when you talk. Over the coming weeks, conversations that normally feel strained or circular often just work out, which can smooth things at work or in your relationships.

♊ NNode * Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to **talk openly about past hurts without getting stuck in them**. People respond well when you share something real about yourself because you're no longer defending or minimizing what happened. This practical shift in how you communicate creates real opportunities to connect with others on an honest level.

♅ Uranus * Sextile ♊ natal NNode

Right now you find it easier to **take practical steps toward the things you actually want to do**, without overthinking or second-guessing yourself. People around you notice you seem more willing to experiment with new approaches, and you're picking up on opportunities that would normally pass you by. This period works well for making small changes to your routine or trying something you've been curious about but hesitant to attempt.

☉ Sun △ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun ☌ Opposition ☌ Chiron

At the moment, you're likely to notice what you're **avoiding about yourself** — the parts of your character or your past that make you uncomfortable. This awareness doesn't feel good because it arrives as criticism rather than compassion, leaving you defensive or ashamed. Over the coming weeks, you may find yourself pushing back against feedback from others, even when it contains something useful, because right now your ego feels too raw to hear it.

☾ Moon ☌ Opposition ☌ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.
