## KEY TRANSIT FACTORS

### ♃ Jupiter ☿ Quincunx ♁ natal Chiron

You find yourself **overestimating what you can help others fix**, especially in situations where someone else needs to do their own work. Your confidence in giving advice or support grows, but you often miss the signs that people need to figure things out themselves. Over the coming weeks, you may feel frustrated when your generous efforts don't produce the results you expected.

### ☉ Sun ☿ Quincunx ♋ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

### ♋ NNode ♌ Semi sextile ☾ natal Moon

While this lasts, you find it easier to **listen to what you actually need** instead of pushing through discomfort. People around you tend to respond well to you right now because you're more relaxed and genuine in conversations. Over the coming weeks, small emotional hurdles feel less like obstacles and more like things you can work through naturally.

### ♅ Uranus ☿ Quincunx ♇ natal Pluto

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

### ☿ Mercury ♌ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

### ☉ Sun ♌ Semi sextile ☿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ∟ Semi sextile ♂ Mars

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

LUNAR DAY

Moon in ♍ Virgo · Day 4 / 30 · Waxing Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.

CLOTHING & JEWELRY

Wednesday · ♀ Mercury · Venus in Capricorn

Wednesday answers to Mercury — bright yellow, amber, or golden tones sharpen the mind. Tiger's eye as a bracelet or pocket stone supports communication and mental clarity.
