KEY TRANSIT FACTORS

♂ Mars ☌ Opposition ♁ natal Chiron

Right now you are **quick to react defensively when anyone points out a weakness or mistake**, and this makes conversations harder instead of easier. Your old insecurities about not being good enough are closer to the surface, so small criticism stings more than usual. Over the coming weeks, you will need to catch yourself before snapping at someone who is only trying to help.

♁ NNode △ Trine ☿ natal Mercury

These days you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. Your conversations flow more naturally, and people seem to understand you better than usual because you're communicating more clearly and directly. Over the coming weeks, this clarity helps you connect with others on practical matters, whether that's settling a disagreement, explaining something important, or just being heard in a group.

♇ Pluto ∟ Semi sextile ☿ natal Mercury

Your thinking becomes **sharper and more direct** while this transit is active, and you find yourself cutting through confusion to get to what actually matters. People respond well to your communication right now because you speak with real conviction and skip the unnecessary parts. Over the coming weeks, you may notice conversations go deeper than usual and that others take your words seriously.

♆ Neptune * Sextile ♁ natal Chiron

These days you find it easier to talk about things that have hurt you in the past without getting stuck in the story. You're **more willing to listen to others' pain** without trying to fix it or turn it into advice. This shift happens naturally right now, making conversations with people you care about feel more genuine and less exhausting.

☿ Mercury △ Trine ♄ natal Saturn

Your thinking becomes **organized and practical** right now, making it easy to break down complicated problems into manageable steps. You find yourself naturally planning ahead and catching details you usually miss, which helps you avoid mistakes at work or in personal projects. This is a good time to handle administrative tasks, write things down clearly, or have difficult conversations because your words come out measured and straightforward.

☉ Sun ☌ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

› Moon △ Trine ♂ Mars

Right now you feel like acting on what matters to you instead of overthinking it. **Your emotions and your willingness to do things are working together**, so a project you've been hesitant about suddenly feels doable. These days small tasks get done faster and conversations feel easier because you're not second-guessing yourself.

› Moon □ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.

LUNAR DAY

Moon in ♒ Aquarius · Day 11 / 30 · First Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
