## KEY DATE

### ♅ Uranus stations Retrograde

*Uranus* stationing retrograde typically brings **delays and reversals** in tech, internet connections, and unexpected plans that felt solid just weeks ago. Areas like innovation projects, group friendships, or sudden life changes often **pause or shift direction** — what looked like progress stalls, and people find themselves rethinking decisions they thought were final. In practice, this period favors **reviewing old ideas** rather than launching new ones, and you'll notice others becoming less willing to commit to radical changes or unusual partnerships.

## KEY TRANSIT FACTORS

### ♃ Jupiter ☌ Quincunx ♇ natal Pluto

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

### ☿ Mercury △ Trine ☉ natal Sun

Your thinking is **clearer and more direct** right now, and people respond better when you explain yourself. You find it easier to say what you actually mean instead of second-guessing your words, which makes conversations feel less exhausting. Over the coming weeks, this mental clarity also helps you solve practical problems faster and notice details you usually miss.

### ♀ Venus ☌ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your romantic or social preferences shifting in ways that feel unclear to you. You might find yourself **attracted to people or situations that don't quite fit what you normally want**, leaving you uncertain about what you actually value right now. This confusion usually settles once the transit passes, so it helps to observe your attractions without making major relationship decisions while this lasts.

### ♀ Venus ☐ Square ☾ natal Moon

Right now you're more critical of the people close to you, especially about how they show affection or support you. You might push away someone who's trying to help because you **feel disconnected from what they're offering**, even if it's genuinely good. This frustration can make you withdraw or say things you regret, so it helps to notice when you're in this mood before you act on it.

### ♇ Pluto ☐ Square ♇ natal Pluto

Right now you are **fighting against your own need to control things**, and this makes everyday situations feel like power struggles. You might find yourself pushing harder in relationships or at work, only to meet resistance that frustrates you more. While this lasts, the practical lesson is that forcing your agenda does not work—stepping back and observing what is actually happening around you will show you where you have real influence and where you do not.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

### ☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

### ☉ Sun ☿ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.
