KEY TRANSIT FACTORS

☉ Sun * Sextile ♃ natal Jupiter ★

You're feeling more confident about your abilities right now, and you're probably taking on projects or conversations you might normally avoid. Your natural optimism is working in your favor — people respond well to your **straightforward, encouraging attitude**, and doors tend to open more easily. Over the coming weeks, trust this momentum to try something new or pitch an idea you've been sitting on.

♅ Uranus □ Square ♀ natal Venus ★

You feel restless in your relationships and uncomfortable with routines that used to feel safe. Your usual way of connecting with others — whether through affection, commitment, or predictable gestures — suddenly feels **restrictive and inauthentic**. Over the coming weeks, you may push back against people who want things to stay the same, or you might suddenly distance yourself from relationships that feel too settled.

♀ Venus ∠ Semi sextile ♁ natal NNode ★

Over the coming weeks, you find it easier to say yes to social invitations and to spend time with people who genuinely matter to you, without overthinking whether you belong. You become **more relaxed about being yourself in groups**, and others respond to this by including you more naturally in their plans. This small shift creates more warmth in your relationships and makes it simpler to build connections that actually fit who you are.

☉ Sun * Sextile ♇ natal Pluto

You find it easier right now to **take charge of situations that usually feel overwhelming**. The transit of the *Sun* sextile your natal *Pluto* gives you practical confidence to handle difficult conversations or make real changes at work without getting stuck in doubt. Over the coming weeks, people respond to your directness and willingness to act, which opens doors you thought were closed.

♀ Venus ∠ Semi sextile ♅ natal Uranus

While this lasts, you feel more comfortable being yourself around people instead of playing a role. You might suddenly be drawn to friends or partners who actually get your quirks rather than those who want you to fit in. This small shift gives you permission to relax and enjoy connections where you don't have to pretend.

☉ Sun ∠ Semi sextile ♃ natal Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

› Moon ☐ Square ♀ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.

LUNAR DAY

Moon in ♋ Pisces · Day 10 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
