KEY DATE

♃ Jupiter enters ♐ Sagittarius

Jupiter in *Sagittarius* tends to make people **more generous with time and money**, so you might find yourself saying yes to plans or spending more freely than usual. At work and in relationships, **honest conversation flows easier**, though some people notice they also speak without thinking first and accidentally offend others. The pattern is that **learning new skills or travel** becomes more appealing during this time, and people often take that course they've been putting off or book a trip they'd dismissed as unrealistic.

KEY TRANSIT FACTORS

☾ Moon * Sextile ♃ natal Jupiter ★

You feel **more generous and open to other people** right now, which makes conversations easier and helps you connect with others without overthinking things. Your mood is lighter, and you're more likely to say yes to social invitations or to help someone out without keeping score. This is a good window to ask for what you need or to approach someone you've been meaning to reach out to, because you come across as relaxed and genuinely interested in them.

♄ Saturn □ Square ☾ natal Moon ★

Right now your emotional needs feel blocked or neglected, and you're likely being harder on yourself about what you want or feel. **You withdraw** from people instead of asking for what you need, then feel resentful or alone. Over the coming weeks, you'll have a chance to sort out which of your feelings actually matter to you and which ones you've just been carrying around without question.

♅ Uranus □ Square ♀ natal Venus ★

You feel restless in your relationships and uncomfortable with routines that used to feel safe. Your usual way of connecting with others — whether through affection, commitment, or predictable gestures — suddenly feels **restrictive and inauthentic**. Over the coming weeks, you may push back against people who want things to stay the same, or you might suddenly distance yourself from relationships that feel too settled.

♀ Venus ♄ Conjunction ♅ natal Uranus

Right now you feel **restless in relationships and less interested in routine affection**. You may suddenly want more independence from a partner or find yourself drawn to people who seem unconventional or exciting. These days *Venus* crossing *Uranus* makes you crave something different, so your usual patterns in romance or friendships feel boring by comparison.

♂ Mars △ Trine ♅ natal Uranus

Right now you're willing to take risks in practical ways that normally feel too uncomfortable, and it's working out. You act on unconventional ideas quickly without overthinking them, and this **decisive independence** is getting real results. Over the coming weeks, trust that your instinct to break routine and try something different is actually reliable, not reckless.

♀ Venus Rx · ♎ Libra

The foundations of your most significant partnerships are under review during this period. Imbalances in give-and-take that were tolerated before become harder to ignore. Avoid making major relationship decisions — finalizing commitments or ending things — until you have had enough time to see the full picture.

☉ Sun △ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

☾ Moon ♂ Conjunction ♿ Mercury

These days your thoughts and feelings are moving in the same direction, which makes it easier to talk about what you actually feel instead of hiding it. You find yourself wanting to tell people what's on your mind, and the words come out more naturally than usual. This is a good time to have practical conversations about emotional topics, since you're not overthinking or getting stuck in your head.
