KEY TRANSIT FACTORS

♁ Chiron ☌ Opposition ♂ natal Uranus

Right now you feel caught between wanting to break free and being afraid of what happens if you do. Your usual ways of handling independence stop working, leaving you frustrated and looking for an escape route that does not exist. Over the coming weeks, this friction forces you to see exactly where you have been avoiding responsibility for your own choices instead of blaming outside limits.

♀ Venus qx Quincunx ☉ natal Sun

These days you feel **slightly out of sync with what you normally want**, making social and romantic situations feel awkward even when they shouldn't. You might attract attention from others but struggle to enjoy it the way you usually do, or find yourself wanting closeness while also wanting space. This mismatch between your confidence and your social comfort will ease once this period passes.

♅ Uranus qx Quincunx ♁ natal NNode

Right now you are noticing that your usual routines and comfort zones feel slightly off, and you keep getting small urges to try something different even though you are not sure why. You might find yourself questioning choices that normally feel safe to you, or feeling restless in social groups and communities where you usually fit in well. Over the coming weeks, this friction between what feels familiar and what feels new will push you to make small practical adjustments rather than big changes.

☉ Sun qx Quincunx ♀ natal Venus

Over the coming weeks you notice a mismatch between what you want socially and what actually feels right to you. You might say yes to plans or people, then feel disconnected once you are there, creating **awkwardness in your interactions**. This disconnect fades as the transit passes, so small adjustments now will help you feel more authentic in your relationships.

♁ Chiron ☌ Conjunction ♂ natal Mars

Right now you're noticing where you push too hard or hold back too much when you act. You might feel frustrated with yourself for either charging ahead without thinking or for being too cautious, and this **self-awareness about your own aggression** is temporary but useful. Over the coming weeks, pay attention to how you actually handle conflict or physical effort instead of assuming you know what you'll do.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ♂ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

LUNAR DAY

Moon in ♋ Pisces · Day 22 / 30 · Waning Gibbous

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
