KEY TRANSIT FACTORS

♅ Uranus qx Quincunx ☿ natal Mercury

While this lasts, your thinking becomes harder to organize—ideas arrive faster than you can sort them, and your usual way of explaining things stops working the way it normally does. You might find yourself changing your mind mid-conversation or struggling to finish a sentence because a completely different thought cuts in. This isn't permanent confusion, just a temporary mismatch between how your brain wants to work right now and how it usually operates.

☉ Sun qx Quincunx ☉ natal Sun

Over the coming weeks you'll notice a **slight mismatch between what you want to do and what feels comfortable**, like you're being nudged in a direction that doesn't quite fit your usual style. You might feel restless about your daily choices or find that your normal routines no longer satisfy you in the same way. The practical move is to experiment with small adjustments rather than wait for things to feel perfectly aligned again.

♂ Mars \angle Semi sextile ♄ natal Saturn

These days you find it easier to **stick with tasks that require patience and discipline** without feeling frustrated or trapped. Your natural drive from *Mars* aligns gently with your practical limits from *Saturn*, so you can push forward on difficult projects without burning out. Over the coming weeks, this is a good window to tackle something you have been putting off because you now have both the motivation and the realistic patience to see it through.

♆ Neptune c Conjunction ♁ natal Chiron

Right now you are more aware of where you feel inadequate or broken, and you may find yourself wanting to help others with similar pain instead of focusing on your own healing. This shift toward **helping others deflect from yourself** can feel noble but often leaves your own needs unmet. Over the coming weeks, watch whether you are actually listening to what you need or just getting lost in someone else's problems.

♁ NNode \square Square ♃ natal Jupiter

Right now you are **overcommitting to things that seem important but don't actually fit your life**. You feel pulled toward opportunities, promises, and plans that look good on paper but create practical conflicts when you try to follow through. Over the coming weeks, you will hit real consequences from saying yes too much, and you'll have to make uncomfortable choices about what actually matters.

☉ Sun \square Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun \angle Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun \square Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

LUNAR DAY

Moon in ♒ Aquarius · Day 22 / 30 · Waning Gibbous

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
