KEY TRANSIT FACTORS

♆ Neptune ☌ Conjunction ♁ natal Chiron

Right now you are more aware of where you feel inadequate or broken, and you may find yourself wanting to help others with similar pain instead of focusing on your own healing. This shift toward **helping others deflect from yourself** can feel noble but often leaves your own needs unmet. Over the coming weeks, watch whether you are actually listening to what you need or just getting lost in someone else's problems.

♅ Uranus ☌ Quincunx ☿ natal Mercury

While this lasts, your thinking becomes harder to organize—ideas arrive faster than you can sort them, and your usual way of explaining things stops working the way it normally does. You might find yourself changing your mind mid-conversation or struggling to finish a sentence because a completely different thought cuts in. This isn't permanent confusion, just a temporary mismatch between how your brain wants to work right now and how it usually operates.

♁ NNode ☐ Square ♃ natal Jupiter

Right now you are **overcommitting to things that seem important but don't actually fit your life**. You feel pulled toward opportunities, promises, and plans that look good on paper but create practical conflicts when you try to follow through. Over the coming weeks, you will hit real consequences from saying yes too much, and you'll have to make uncomfortable choices about what actually matters.

♀ Venus ☌ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your romantic or social preferences shifting in ways that feel unclear to you. You might find yourself **attracted to people or situations that don't quite fit what you normally want**, leaving you uncertain about what you actually value right now. This confusion usually settles once the transit passes, so it helps to observe your attractions without making major relationship decisions while this lasts.

☿ Mercury ☌ Opposition ♅ natal Uranus

Your thinking becomes unpredictable and scattered while *Mercury* opposes your natal *Uranus*, making it hard to follow through on plans or stick to what you said you'd do. You feel a **restless need to argue or change your mind** at the last moment, which frustrates the people counting on you. Over the coming weeks, expect to catch yourself contradicting yourself in conversations or suddenly rejecting ideas you were promoting days earlier.

☉ Sun ☌ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

☾ Moon ☌ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

LUNAR DAY

Moon in ♋ Pisces · Day 26 / 30 · Last Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
